Why Not Same Sex Marriage

David A. J. Richards

Why Not Same Sex Marriage:

Debating Same-Sex Marriage John Corvino, Maggie Gallagher, 2012-06-01 Polls and election results show Americans sharply divided on same sex marriage and the controversy is unlikely to subside anytime soon Debating Same Sex Marriage provides an indispensable roadmap to the ongoing debate Taking a point counterpoint approach John Corvino a philosopher and prominent gay advocate and Maggie Gallagher a nationally syndicated columnist and co founder of the National Organization for Marriage explore fundamental questions What is marriage for Is sexual difference essential to it Why does the government sanction it What are the implications of same sex marriage for children s welfare for religious freedom and for our understanding of marriage itself While the authors disagree on many points they share the following conviction Because marriage is a vital public institution this issue deserves a comprehensive rigorous thoughtful debate **The Truth About Same-Sex Marriage** Erwin W. Lutzer, 2009-12-17 HEADLINE Is it really that big of a deal A May 2009 Gallup poll revealed that fifty seven percent of Americans oppose same sex marriage while only forty percent are in favor of it down from forty six percent in 2007 This short easy to read book helps shed light on what so many people believe and why they ought not be at a loss about what to do now The headlines only tell part of the story In this revised and updated version of his bestselling book Dr Erwin Lutzer clearly and accurately depicts the truth about what is at stake here By asking the right questions and by pinpointing the very real ramifications of same sex marriage this handbook will help guide reality back to Truth Dr Lutzer expertly answers the questions that so many individuals parents friends and families are asking How did we get to this point Why is marriage as God intended it better and healthier How can I talk to my kids about this How do I responsibly read watch and filter the news Is there still hope Let no one say that we have to choose between loving homosexuals and opposing same sex marriages Biblically love is defined not as license to legitimize sinful behavior of any kind but love helps us see that there is a better way Obviously we must be as concerned about our own sins as we are about the sins of the homosexual community We must be concerned enough to speak out about any action heterosexual or homosexual that violates God s intended plan for marriage and the family This simple straightforward look at the issue of same sex marriage will equip you to know what is really happening and most importantly why it matters for you Moral Argument, Religion, and Same-sex Marriage Gordon Albert Babst, Emily R. Gill, Jason Pierceson, 2009-01-01 This book engages with opponents of same sex marriage on their own turf morals discourse and demonstrates that legal and political argumentation is on the side of gay rights advocates on this contemporary vexing issue The diversity of its authors makes the book suitable for courses in political theory Constitutional law American politics and gay studies **Does the Bible Support Same-Sex Marriage?** Preston M. Sprinkle, 2023-08-01 Many arguments are made for and against same sex marriage that end with divisiveness and confusion instead of thoughtful conversation New York Times bestselling author Dr Preston Sprinkle provides a resource that will encourage respectful and thoughtful conversations around the question Does

the Bible support same sex marriage Equipped with thorough research history and biblical context this book will enable you to wade into some of the main arguments against the historically Christian view of marriage The biblical writers didn't know about sexual orientation Jesus never mentions homosexuality Biblical teachings about women slavery and same sex are on the same trajectory Since some people are born gay then being gay must be okay The Bible has been mistranslated Preston carefully answers 21 of the strongest cases for same sex marriage and offers a humanizing and thoughtful response to each one

Same-sex Marriage Mathew D. Staver, 2004 Staver argues that the allowing of same sex marriages in San Francisco speaks to the homosexual agenda's cultural assault and the church's timidity in confronting it

Equality in Asia-Pacific Phil C. W. Chan, 2014-02-04 In 1948 the United Nations General Assembly proclaimed the Universal Declaration of Human Rights stating every human being's right of equality in dignity and right However notwithstanding recognition by the international community of its importance and codification in numerous national and sub national constitutions and legislation reinforced by various multilateral and regional human rights treaties the right of equality continues to be unable to take complete firm hold in all regions and countries Evidence as presented by the insightful papers in this collection published initially as a Special Double Issue of The International Journal of Human Rights dedicated to exploring the place of equality in Asia Pacific societies suggests that although progress is being made the right of equality has not yet fully materialized both in law and in reality in the world's most populous region Many factors particularly entrenched cultural heritage and practices the lingering effects of colonialism and newly found independence and above all pervasive ignorance and prejudices continue to impede the recognition development and protection of equality in this region Of course equality a normative right and entitlement by virtue of our humanity has neither been fully achieved in societies outside the region Such neo colonial thinking in fact perpetuates and assists in the subjugation of the right of equality in the Asia Pacific Region as a matter of relevance and concern only to Western countries Accordingly we hope that our discussions will also be able to shed light and generate reflections on realities outside the region as interlinked with our aim The Editor's book fee has been donated to the UNICEF Tsunami Fund This book was previously published as a special issue of The International Journal of Human Rights

the future of America America is in a big Crisis Same sex marriage is sweet but the most horrific enemy to America Keywords Marriage Same Sex Marriage Silent War Human Extinction Sweet Horrific Enemy Gay Lesbian America Confusion LGBT

Hegel and Right Philip J. Kain, 2018-08-01 An especially accessible introduction to Hegel's moral and political philosophy In this book Philip J Kain introduces Hegel's Philosophy of Right by focusing on disagreements both with standard interpretations of his work and with Hegel himself Arguing that Hegel's justification for punishment ultimately fails Kain shows how this failure brings into focus the inherent difficulties in justifying punishment at all thus producing a valuable Hegelian argument against punishment Whereas many of Hegel's critics have argued that he misunderstands Kant's categorical imperative Kain argues the opposite that Hegel has a sophisticated understanding of it and simply attempts to provide a broader ethical context for Kant's position In addressing these and other questions such as whether Hegel's theory of recognition properly understood can provide philosophical support for same sex marriage and whether supporting monarchy over democracy means that Hegel seeks less rather than greater power for the state Kain makes Hegel's work more approachable by drawing out philosophical points of independent importance **When Gay People Get Married** M. V. Lee Badgett, 2010-11 Badgett offers a rare look at how gay marriage is actually working by taking readers to a land where it has been legal for same sex couples to marry since 2001 the Netherlands Through interviews with married gay couples we learn about the often surprising changes to their relationships and the reactions of their families and work colleagues Moreover Badgett shows how the institution itself has been altered exploring how the concept of marriage itself has changed in the United States and the Netherlands The evidence from around the world shows both that marriage changes gay people more than gay people change marriage and that it is the most liberal countries and states making the first moves to recognize gay couples In the end Badgett demonstrates that allowing gay couples to marry does not destroy the institution of marriage and that many gay couples do benefit in expected as well as surprising ways from the legal social and political rights that the institution offers From publisher description
