**FRANKENSTEIN, SOLARIS AND INFERNAL DEVICES** KHULOD H. HUSAIN,2021-08-05 This book attempts to explore the emergence of science fiction as a genre and its development into steampunk as a subgenre of science fiction in selected science fiction novels Mary Shelley s Frankenstein 1823 Stanislaw Lem s Solaris 1970 and K W Jeter s Infernal Devices 1987 This research shows that the scientists in these novels drag themselves into darkness Victor the protagonists of Frankenstein is an ambition scientist who wants to conquer death but tragically loses his family during this endeavor Kelvin the hero of Solaris is psychologically devastated when he struggles to understand how Solaris ocean creates a simulation of people The hero of the third novel George Dewar s father a mad scientist and inventor creates a double of his own son as a robot tries to

destroy the earth The main argument of this research is that all these novels set in different eras draw on science fiction to criticize and question man's greedy and unrestricted desire for scientific discovery to the extent that they want to conquer the universe and play the role of God The study will ask the following questions How do the ambitious scientists in the novels drag themselves into madness And how does the scientific desire turn into a crave for transcendence bringing about their damnation What do these scientific explorations and inventions reveal about human nature Does steampunk bring evolution to the future as a sub genre of science fiction *The academy*, 1888 **3 books to know The Devil** Daniel Defoe, Thomas Mann, John Milton, August Nemo, 2020-05-02 Welcome to the 3 Books To Know series our idea is to help readers learn about fascinating topics through three essential and relevant books These carefully selected works can be fiction non fiction historical documents or even biographies We will always select for you three great works to instigate your mind this time the topic is The Devil The Political History of the Devil by Daniel Defoe Paradise Lost by John Milton The Devil on Two Sticks by Alain Ren Lesage The Political History of the Devil is a 1726 book by Daniel Defoe General scholarly opinion is that Defoe really did think of the Devil as a participant in world history Paradise Lost is an epic poem in blank verse by the 17th century English poet John Milton The first version published in 1667 consisted of ten books with over ten thousand lines of verse The Devil on Two Sticks is a 1707 novel by French writer Alain Ren Lesage It is set in Madrid and it tells the story of demon king Asmodeus Don Cleophas Leandro Perez Zambullo and his beloved Donna Thomasa This is one of many books in the series 3 Books To Know If you liked this book look for the other titles in the series we are sure you will like some of the topics

**Current Literature**, 1896 *Silence and Power* Mary Lynn Broe, 1991 Seventeen essayists study this enigmatic author's works not in the traditional style in which they were first reviewed but rather through a range of contemporary interpretations that resituate Barnes in the context of literary theory and feminist revisions of modernism Paper edition unseen 13 95 Annotation copyrighted by Book News Inc Portland OR **Demorest's Monthly Magazine**, 1885

*Demorests' Monthly Magazine*, 1885 **The Female Performer between Exhibitionism and Feminism in Novels by James, Hawthorne, and Zola** Nodhar Hammami Ben Fradj, 2021-03-11 This book is concerned with the figure of the female performer in nineteenth century fiction It explores the attitudes of Henry James Nathaniel Hawthorne and Emile Zola towards women's appearances on political daises and theatrical stages Literature as a cultural force can either boost women's participation in public life or bolster the patriarchal ideology The book verifies Henry James's feminist ideology that lies behind the positive representation of women's political activism and acting as two different modes of performance through a comparative study between him and two of his contemporary novelists It reflects the clash of opinions among nineteenth century American and French authors on the issue of women's public manifestation as caught between the spectacular and the political While some writers have deemed it an exhibitionist demeanour others have considered it a commitment to the feminist project The first section shows how a feminist reading in the history of European and American female performers

as emerging figures in the nineteenth century can help to understand the position of the figure in the literary works of the period Nathaniel Hawthorne is shown to be an author who holds the same feminist temperament as James through his portrayal of a talented political rhetorician in his novel *The Blithedale Romance* which is compared to James's *The Bostonians* in the second section The final part conducts a study in contrasts between James's supportive rendering of the actress in *The Tragic Muse* and Emile Zola's derogatory stereotyping of the female performer as a prostitute in his novel *Nana*
