## Wild About S Judy Sierra:

Sharing the Journey David Yellin, 2017-05-12 This wonderful resource from two authors with an infectious enthusiasm for children's literature will help readers select and share quality books for and with young children. Specifically focused on infants through the third grade, *Sharing the Journey* contains descriptive book annotations, instructive commentary, and creative teaching activities tailored for those important years. Extensive book lists throughout will help readers build a library of quality children's literature. Books representing other cultures are included to help celebrate diversity as well as cultural connection. Genre chapters include poetry, fantasy, and realistic and historical fiction. A chapter on informational books demonstrates how young children can be introduced to and learn to enjoy nonfiction. *A Year in Picture Books* Brenda S. Copeland, Patricia A. Messner, 2007-09-30 This book of lesson plans using common picture books to teach the AASL AECT Information Literacy Standards is targeted for grades K-3, complete with reproducible patterns and immediately usable reproducible activities providing lessons for each grade level K-3 for each month of the school year. Each lesson will teach information literacy skill based on the AASL AECT Information Literacy Standards for Student Learning. The skills are taught in a logical progression throughout the school year. Included is a reading resource bibliography for each month giving the Library Media Specialist or teacher additional picture books to teach specific skills with other lessons they choose to create. Each lesson has been tested by the authors and revised using primary grade classes from three elementary schools as the test subjects. Books selected for this project are nationally recognized and award-winning picture books commonly found in most elementary library collections. Though the book is specifically targeted for use by Library Media Specialists, literacy coaches, reading teachers, and classroom teachers in the primary grades will be interested in its content. Grades K-3.
