Wild Blackberries Rosie Belton, 2014-05-01 The preparation of food the smells and tastes and textures have accompanied me throughout the journeys of my life In fact looking back the food memories have become the marker posts defining boundaries in the years demarcating the challenges and the changes In times of joy food has enhanced the celebration in times of sadness it has coloured and comforted And in times of anxiety and emptiness its preparation has given rhythm and meaning to the day and its offering to others continues to bring a sense of accomplishment and fulfilment When all else fails cook In Wild Blackberries Rosie Belton has written not only her own story but also a social history of food in New Zealand Decade by decade era by era she looks at what we ate and how that food defined us

The Political Relevance of Food Media and Journalism Elizabeth Fakazis, Elfriede Fürsich, 2023-01-31 Interrogating the intersections of food journalism and politics this book offers a critical examination of food media and journalism and its political potential against the backdrop of contemporary social challenges Contributors analyze current and historic examples such as BlackLivesMatter COVID 19 climate change Brexit food sovereignty and identity politics highlighting how food media and journalism reach beyond the commercial imperatives of lifestyle journalism to negotiate nationalism globalization and social inequalities The volume challenges the idea that food media journalism are trivial and apolitical by drawing attention to the complex ways that storytelling about food has engaged political discourses in the past and the innovative ways it is doing so today Bringing together international scholars from a variety of disciplines the book will be of great interest to scholars and students of journalism communication media studies food studies sociology and anthropology
