**Auditing**  
Raymond N. Johnson, Laura Davis Wiley, Robyn Moroney, Fiona Campbell, Jane Hamilton, 2019-04-16 The explosion of data analytics in the auditing profession demands a different kind of auditor. Auditing: A Practical Approach with Data Analytics prepares students for the rapidly changing demands of the auditing profession by meeting the data driven requirements of today's workforce. Because no two audits are alike, this course uses a practical case based approach to help students develop professional judgement, think critically about the auditing process and develop the decision making skills necessary to perform a real world audit. To further prepare students for the profession, this course integrates seamless exam review for successful completion of the CPA Exam.

**Social Psychology**  
Catherine A. Sanderson, 2009-12-02 Catherine Sanderson's Social Psychology will help open students' minds to a world beyond their own experience so that they will better understand themselves and others. Sanderson's uniquely powerful program of learning resources was built to support you in moving students from passive observers to active course participants. Go further in applying social psychology to everyday life. Sanderson includes application boxes on law, media, environment, business, health and education in every chapter right as the relevant material is introduced rather than at the end of the book. This allows students to make an immediate connection between the concept and the relevant application and provides a streamlined 15 chapter organization that helps you cover more of the material in a term.
