A Marriage of Philosophy and Music Erich Welling, 2014-04 How to use philosophy and music to open your horizons and enjoy being yourself put theory to work and help you experience personal growth is discussed in A Marriage of Philosophy and Music It is all about after After having a liberal education you are comfortable in modern culture and after further education and becoming a specialist in some field you enjoy using your skills We learn the ideas and methods of many social cultures and our own chosen specialty but we often neglect the liberal art of disciplining and enjoying the ideas and methods of our own individuality This book offers a path toward the education of privacy with the key words being selection design and beauty The book relates five areas of general human interest spirituality philosophy science art and body awareness The interrelation is accomplished by using personal patterns of experience that are available from philosophy and music Because of the plurality of subject matters and methods used in philosophy and music their patterns of discipline are comparable to self discipline A Marriage of Philosophy and Music attempts to create a path in this direction because besides the enjoyment of social culture and personal skills there is enjoyment in being yourself which is a neglected liberal art

Journal of the Plague Year (2020) Hugh Cameron, 2021-02-10 The original Journal of the Plague Year was written by Daniel Defoe in 1639 Plagues have been a recurrent fact of life since humans have existed A virus or a bacterium makes the jump either from an animal or from a tribe who have long been habituated to the organism and this novel infection races through the newly exposed populace and a huge die off of the new hosts occurs The last major event was the Spanish influenza at the end of WWI There have been events of concern such as SARS and Ebola with other lesser events such as H1N1 MERS and Hong Kong flu While these potentially were a major problem the Wuhan virus has turned out to be a new plague of disastrous dimensions It remains to be seen if the catastrophic subsequent events were due to the virus itself or the hysterical overreaction to it As an experienced doctor with a large active clinical practice I found I was often being asked the same questions as many patients were totally confused by the media and the changing and contradictory pronouncement from politicians and public health I found I was answering so many questions in the office and on Facebook that it came to me in April of 2020 that what I was doing was in fact compiling a Journal of a Plague Year This book is a collection of sequential posts almost all completely unedited Also included were some questions and my answers
