William Faulkner's The Bear Text

Leland H. Cox

William Faulkner's The Bear Text:

Faulkner's Subject Philip M. Weinstein, 1992-05-29 Faulkner's Subject A Cosmos No One Owns offers a reading of William Faulkner by viewing his masterpieces through the lens of current critical theory The book addresses both the power of his work and the current theoretical issues that call that power into question **Parables of Possibility** Terence Martin, 1995-01-05 **William Faulkner and the Materials of Writing** Jonathan Berliner, 2023-01-05 This book examines materials of writing in William Faulkner's novels and stories from parchment to typewriters letters to telegrams Cartographies of Empire Myka Tucker-Abramson, 2025-03-18 The road novel is often dismissed as a mundane nostalgic genre Jack Sal and other tedious white men on the road trying to recapture an authentic youth and American past that never existed Yet new road novels appear every year tackling unexpected questions and spanning new geographies from Mexico Brazil Bulgaria Palestine Ukraine and former Yugoslavia Why did the road novel emerge and why does it persist What does it do and why has it traveled so widely Myka Tucker Abramson draws from an archive of more than 140 global road novels from over twenty countries challenging dominant conceptions of the road novel as primarily concerned with American experiences and subjectivities Grounding her analysis in materialist theories of genre world ecology and commodity frontier frameworks and post 45 American literary studies Tucker Abramson persuasively argues that the road novel is a genre specific to coterminous with and revealing of US hegemony's global trajectory Shifting our focus from Americanness to the fraught geopolitics of US Empire from the car to the built environment through which it moves and from passengers to those left behind Tucker Abramson remaps the road novel elucidating the genre's unique ability both to reveal the violent and vertiginous processes of capitalist modernization and to obfuscate these harsh truths through seductive narratives of individual success and failure **William Faulkner** Richard Godden, 2009-01-10 In William Faulkner Richard Godden traces how the novelist's late fiction echoes the economic and racial traumas of the South's delayed modernization in the mid twentieth century As the New Deal rapidly accelerated the long term shift from tenant farming to modern agriculture many African Americans were driven from the land and forced to migrate north At the same time white landowners exchanged dependency on black labor for dependency on northern capital Combining powerful close readings of *The Hamlet Go Down Moses* and *A Fable* with an examination of southern economic history from the 1930s to the 1950s Godden shows how the novels literary complexities from their narrative structures down to their smallest verbal emphases reflect and refract the period's economic complexities By demonstrating the interrelation of literary forms and economic systems the book describes in effect the poetics of an economy Original in the way it brings together close reading and historical context William Faulkner offers innovative interpretations of late Faulkner and makes a unique contribution to the understanding of the relation between literature and history *Circulating Jim Crow* Adam McKible, 2024-02-20 Winner 2023 2024 RSAP Book Prize Research Society for American Periodicals In the early twentieth century the Saturday Evening

Post was perhaps the most popular and influential magazine in the United States establishing literary reputations and shaping American culture In the popular imagination it is best remembered for Norman Rockwell s covers which nostalgically depicted a wholesome and idyllic American way of life But beneath those covers lurked a more troubling reality Under the direction of its longtime editor George Horace Lorimer the magazine helped justify racism and white supremacy It published works by white authors that made heavy use of paternalistic tropes and demeaning humor portraying Jim Crow segregation and violence as simple common sense Circulating Jim Crow demonstrates how the Post used stereotypical dialect fiction to promulgate white supremacist ideology and dismiss Black achievements citizenship and humanity Adam McKible tells the story of Lorimer s rise to prominence and examines the white authors who provided the editor and his readers with the caricatures they craved He also explores how Black writers of the Harlem Renaissance pushed back against the Post and its commodified racism McKible places the erstwhile household names who wrote for the magazine in conversation with figures such as Paul Laurence Dunbar F Scott Fitzgerald Ann Petry W E B Du Bois and William Faulkner Revealing the role of the Saturday Evening Post in normalizing racism for millions of readers this book also offers a new understanding of how Black writers challenged Jim Crow ideology **Faulkner at 100** Donald M. Kartiganer, Ann J. Abadie, 2009-09-18 William Faulkner was born September 25 1897 In honor of his centenary the Faulkner and Yoknapatawpha Conference of 1997 brought together twenty five of the most important Faulkner scholars to examine the achievement of this writer generally regarded as the finest American novelist of the twentieth century The essays and panel discussions that make up Faulkner at 100 Retrospect and Prospect provide a comprehensive account of the man and his work including discussions of his life the shape of his career and his place in American literature as well as fresh readings of such novels as The Sound and the Fury Absalom Absalom If I Forget Thee Jerusalem and Go Down Moses What emerges from this commemorative volume is a plural Faulkner a writer of different value and meaning to different readers a writer still challenging readers to accommodate their highly varied approaches to what Andr Bleikasten calls Faulkner s abiding singularity **William Faulkner** Daniel J. Singal, 1997 Through detailed analyses of individual texts from the earliest poetry through Go Down Moses Singal traces Faulkner s attempt to liberate himself from the powerful and repressive Victorian culture in which he was raised by embracing the Modernist culture of the artistic avant garde Most important it shows how Faulkner accommodated the conflicting demands of these two cultures by creating a set of dual identities one that of a Modernist author writing on the most daring and subversive issues of his day and the other that of a southern country gentleman loyal to the conservative mores of his community It is in the clash between these two selves Singal argues that one finds the key to making sense of Faulkner [Faulkner in America](#) Ann J. Abadie, 2001 **William Faulkner, Critical Collection** Leland H. Cox, 1982 This second of a two volume set reprints seven background statements by Faulkner one interview three essays and three addresses and 20 critical essays with a selected list of recommended readings The essays deal with 15 novels and discuss

Faulkner's reading style technique and racial attitudes **The United States of America, a Syllabus of American Studies: Reading List** United States Information Agency, 1963 A Reader's Guide to the Short Stories of William Faulkner Diane Brown Jones, 1994 Although best known for his novels Faulkner wrote more than 100 short stories this volume concentrating on 31 of the 42 stories found in his Collected Works Each story covered is treated in a separate chapter examining the most substantial secondary scholarship on the particular story Specifically each chapter includes a section on publication history the circumstances of composition sources and influences the relation the story has to Faulkner's other works interpretation and criticism and other works cited Annotation copyright by Book News Inc Portland OR William Faulkner's The Sound and the Fury Harold Bloom, 2008 Presents critical essays reflecting a variety of schools of criticism for The sound and the fury **Faulkner and Humor** Doreen Fowler, 1986 While the essays in this volume explore various aspects of Faulkner's rich and inexhaustible comic art they all hold in common one axiom that William Faulkner the recognized genius of tragic art is a master of comic forms as well and further that neither mode tragic or comic is ever very far from the other in Faulkner's world James Cox and William Claxton reassert a familiar but helpful reminder of the outlandish humor in Jason Compson's world The comic world of As I Lay Dying Light in August and Go Down Moses is treated variously as irony of miscommunication as framing device for character portrayal and as comedy of incongruity three qualities that offer new insights about these richly funny works ISBN 0 87805 282 8 pbk 14 95 **William Faulkner** Daniel Joseph Singal, 2000-11-09 Amid all that has been published about William Faulkner one subject the nature of his thought remains largely unexplored But as Daniel Singal's new intellectual biography reveals we can learn much about Faulkner's art by relating it to the cultural and intellectual discourse of his era and much about that era by coming to terms with his art Through detailed analyses of individual texts from the earliest poetry through Go Down Moses Singal traces Faulkner's attempt to liberate himself from the repressive Victorian culture in which he was raised by embracing the Modernist culture of the artistic avant garde To accommodate the conflicting demands of these two cultures Singal shows Faulkner created a complex and fluid structure of selfhood based on a set of dual identities one that of a Modernist author writing on the most daring and subversive issues of his day and the other that of a southern country gentleman loyal to the conservative mores of his community Indeed it is in the clash between these two selves Singal argues that one finds the key to making sense of Faulkner **Faulkner and His Contemporaries** Joseph R. Urgo, Ann J. Abadie, 2004 A study of Faulkner's place among his peers **Bear With Me** Daniel Horowitz, 2025-07-18 Daniel Horowitz traces American popular culture's two century long fascination with bears showing how teddy bears Smokey Bear Winnie the Pooh and other real and fictional bears have embedded themselves in American culture Sport and the Spirit of Play in American Fiction Christian K. Messenger, 1983-05-31 In this comprehensive and insightful study Christian K Messenger contends that American writers have always created characters at play in the sure knowledge that to be active in sport in America is to be in touch with its

people their traditions and their fantasy lives This is the first inclusive critical study of sport in American fiction with chapters on individual authors such as Hawthorne Lardner Fitzgerald Hemingway and Faulkner as well as studies of sport in the literature of the frontier and in boys formula fiction A work of literary criticism Sport and the Spirit of Play in American Fiction also draws on the cultural history of American sport and leisure and on a century of American literature

Attending to the Literary Alan Singer, 2023-08-23 Attending to the Literary The Distinctiveness of Literature is a foray into current debates about the nature of the literary What is literary Is literarity a thing Are there still aesthetic standards of taste Is the category of literary aesthetics an obstacle to understanding the uses of literature What does it mean to count the reading of literature as an experience in its own right What would be the deficits to human experience without literature Attending to the Literary addresses all of these questions with a view to challenging the notion of literarity as merely representative of experience On the contrary Alan Singer shows how literarity is an enacting of experience Through close readings of an eclectic repertoire of literary sentences culled from the genres of fiction poetry and drama Singer demonstrates how syntax stages human capacities for attending ever more consequentially to the world of practical experience These stagings of forms of attention involve readers in the drama of reason giving and expand the possibilities of rational imagination Attending to the Literary speaks to a broad audience of readers for whom the question Does literature matter remains an urgent intellectual challenge

Faulkner's Inheritance Joseph R. Urgo, Ann J. Abadie, 2009-09-18 Essays by Susan V Donaldson Lael Gold Adam Gussow Martin Kreiswirth Jay Parini Noel Polk Judith L Sensibar Jon Smith and Priscilla Wald William Faulkner once said that the writer collects his material all his life from everything he reads from everything he listens to everything he sees and he stores that away in sort of a filing cabinet in my case it s not anything near as neat as a filing case it s more like a junk box Faulkner tended to be quite casual about his influences For example he referred to the South as not very important to me I just happen to know it and don t have time in one life to learn another one and write at the same time His Christian background according to him was simply another tool he might pick up on one of his visits to the lumber room that would help him tell a story Sometimes he claimed he never read James Joyce s Ulysses or had never heard of Thomas Mann writers he would elsewhere declare as the two great men in my time Sometimes he expressed annoyance at readers who found esoteric theory in his fiction when all he wanted them to find was Faulkner I have never read Freud Neither did Shakespeare I doubt if Melville did either and I m sure Moby Dick didn t Nevertheless Faulkner s life was rich in what he did see and read and he seems to have remembered all of it and put it to use in his fiction Faulkner s Inheritance is a collection of essays that examines the influences on Faulkner s fiction including his own family history Jim Crow laws contemporary fashion popular culture and literature

When somebody should go to the books stores, search foundation by shop, shelf by shelf, it is in reality problematic. This is why we present the books compilations in this website. It will categorically ease you to see guide **William Faulkner39s The Bear Text** as you such as.

By searching the title, publisher, or authors of guide you in point of fact want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be every best area within net connections.
