Victorian Verse Lee Behlman,Olivia Loksing Moy,2023-08-04 Victorian Verse The Poetics of Everyday Life casts new light on nineteenth century poetry by examining the period through its popular verse forms and their surrounding social and media landscape The volume offers insight into two central concepts of both the Victorian era and our own status and taste and how cultural hierarchies then and now were and are constructed and broken By recovering the lost diversity of Victorian verse the book maps the breadth of Victorian writing and reading practices illustrating how these seemingly minor verse genres actually possessed crucial social functions for Victorians particularly in education leisure practices the cultural production of class and the formation of individual and communal identities The essays consider how major Victorian poets such as the Pre Raphaelites were also committed to writing and reading minor verse further troubling the clear cut notions of canonicity by examining the contradictions of value *Salvation in the Slums* Norris Magnuson,Beverly
