Willie Robertson Signing Tour:

The Good Intent John Renning Phillips, 2007 In 1918 John Pressley Phillips son of W W Phillips of Fresno married Ruth Anderson the daughter of David Pressley Anderson of Santa Rosa Although not related their fathers had more in common than just their middle names They both descended from solid southern families established that could trace their bloodlines to nobility in 17th Century Britain Rooted in America family members included both a British Loyalist as and a signer of the Declaration of Independence They flourished as planters in South Carolina and Mississippi until the Civil War Like many Confederate families reduced to nothing at war s end the Phillips and Andersons came to California to start over Both families thrived in farming banking dentistry politics the arts and community leadership especially in the fertile Central Valley The marriage of these two southern families has linked two surprisingly rich and distinguished threads of ancestry The names of relations in the near and distant past may startle as well as impress the reader John Renning Phillips attended public schools in Fresno California and earned a degree in economics from Occidental College He has lived in San Francisco and London and currently resides in New York City with his wife and daughter This is his first book William Robertson and the Expansion of Empire Stewart J. Brown, Stewart Jay Brown, 2008-04-24 This is an exploration of William Robertson a leading figure in the eighteenth century Enlightenment Illustrated History of Plumas, Lassen & Sierra Counties, with California from 1513 to 1850 Anonymous, 2025-08-10 Reprint of the original first published in 1882 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage In the General Assembly. Session of the Legislature of the State of Louisiana ... Louisiana, 1872 **The Edinburgh Medical and Surgical Journal ...**, 1860 **Life of William Robertson** Jeffrey R. Smitten, 2016-10-26 The first modern biography of William Robertson a key figure of the Scottish Enlightenment A prominent figure in the Scottish Enlightenment William Robertson differed from his contemporaries such as Voltaire Hume and Gibbon because he used the critical tools of the Enlightenment to strengthen religion not to attack it As an historian he helped shape 18th century historiography As a minister of the Church of Scotland he sought to make the church fit for a polite age And as principal of the University of Edinburgh he presided over a flourishing of intellectual inquiry in the midst of the Enlightenment But despite his European fame he was a controversial figure Drawing extensively on his unpublished correspondence Jeffrey Smitten captures both the man and his work in his own words By foregrounding Robertsons religious outlook Smitten gives us a more contextualised and nuanced interpretation of Robertson s motives intentions and beliefs than we have had before Key Features Includes new

biographical information drawn from archival sources and from all Robertson's largely unpublished correspondence. Discusses Robertson's works published and unpublished. Assesses Robertson's achievement based on fresh consideration of all facets of his career as minister, historian and principal.

A Literary Tour de France Robert Darnton, 2018

The publishing industry in France in the years before the Revolution was a lively and sometimes rough and tumble affair as publishers and printers scrambled to deal with and if possible evade shifting censorship laws and tax regulations in order to cater to a reading public's appetite for books of all kinds from the famous Encyclopédie repository of reason and knowledge to scandal mongering libel and pornography. Historian and librarian Robert Darnton uses his exclusive access to a trove of documents, letters and documents from authors, publishers, printers, paper millers, type foundry, ink manufacturers, smugglers, wagon drivers, warehousemen and accountants involving a publishing house in the Swiss town of Neuchâtel to bring this world to life. Like other places on the periphery of France, Switzerland was a hotbed of piracy, carefully monitoring the demand for certain kinds of books and finding ways of fulfilling it. Focusing in particular on the diary of Jean-François Favarger, a traveling sales rep for a Swiss firm whose 1778 voyage on horseback and on foot around France to visit bookstores and renew accounts forms the spine of this story, Darnton reveals not only how the industry worked and which titles were in greatest demand but the human scale of its operations. *A Literary Tour de France* is literally that: Darnton captures the hustle, picaresque comedy and occasional risk of Favarger's travels in the service of books and in the process offers an engaging, immersive and unforgettable narrative of book culture at a critical moment in France's history.
