Willing Seduction English Edition:

Willing Seduction Barbara Kosta, 2012 Josef von Sternberg's 1930 film *The Blue Angel* (*Der blaue Engel*) is among the best known films of the Weimar Republic 1919-1933. A significant landmark as one of Germany's first major sound films, it is known primarily for launching Marlene Dietrich into Hollywood stardom and for initiating the mythic pairing of the Austrian-born American director von Sternberg with the star performer Dietrich. This fascinating cultural history of *The Blue Angel* provides a new interpretive framework with which to approach this classic Weimar film and suggests that discourses on mass and high culture are integral to the film's thematic and narrative structure. These discourses surface above all in the relationship between the two main characters: the cabaret entertainer Lola Lola (Marlene Dietrich) and the high school teacher Immanuel Rath (one-time Oscar winner Emil Jannings). In addition to offering insight into some of the major debates that informed the Weimar Republic, this book demonstrates that similar issues continue to shape the contemporary cultural landscape of Germany. Barbara Kosta thus also looks at Dietrich as a contemporary cultural icon and at her symbolic value since German unification and at Lola Lola's various incarnations. *Yiddish Writers in Weimar Berlin* Marc

Caplan, 2021-01-05 In *Yiddish Writers in Weimar Berlin* Marc Caplan explores the reciprocal encounter between Eastern European Jews and German culture in the days following World War I. By concentrating primarily on a small group of avant-garde Yiddish writers Dovid Bergelson, Der Nister, and Moyshe Kulbak working in Berlin during the Weimar Republic, Caplan examines how these writers became central to modernist aesthetics. By concentrating on the character of Yiddish literature produced in Weimar Germany, Caplan offers a new method of seeing how artistic creation is constructed and a new understanding of the political resonances that result from it. *Yiddish Writers in Weimar Berlin* reveals how Yiddish literature participated in the culture of Weimar-era modernism: how active Yiddish writers were in the literary scene and how German-speaking Jews read descriptions of Yiddish-speaking Jews to uncover the emotional complexity of what they managed to create even in the midst of their confusion and ambivalence in Germany. Caplan's masterful narrative affords new insights into literary form, Jewish culture, and the philosophical and psychological motivations for aesthetic modernism. *The Sexual*

Life of Our Time in Its Relations to Modern Civilization Iwan Bloch, 2023-08-11 Reproduction of the original [Narrativity, Coherence and Literariness](#) Eva Sabine Wagner, 2020-06-08 The search for the defining qualities of narrative has produced an expansive range of definitions which largely unconnected with each other obscure the notion of narrativity rather than clarifying it. The first part of this study remedies this shortcoming by developing a graded macro model of narrativity which serves three aims. Firstly, it provides a structured overview of the field of narrative elements and processes. Secondly, it facilitates the classification of narratological approaches by locating them on different stages of narrativity. Finally, it focuses attention on narrative dynamics as interpretative processes by which readers seek to produce narrative coherence. The second part of this study identifies three different narrative dynamics which characterise Laclos's *Dangerous Connections*.

Kafka's Castle and Toussaint's novels Wagner bases her analyses of these dynamics not only on the texts themselves but also on the ways in which literary scholars imbue the texts with narrative coherence This book provides a long overdue systematisation of the jumbled field of theories of narrativity and opens new perspectives on the difficult relationship between narrative theory and interpretation The Bibliographer's Manual of English Literature Containing an Account of Rare, Curious and Useful Books, Published in Or Relating to Great Britain and Ireland, from the Invention of Printing; ... Destination London Tim Bergfelder, Christian Cargnelli, 2008 The legacy of emigrants in the British film industry from the silent film era until after the Second World War has been largely neglected in the scholarly literature Destination London is the first book to redress this imbalance Focusing on areas such as exile genre technological transfer professional training and education cross cultural exchange and representation it begins by mapping the reasons for this neglect before examining the contributions made to British cinema by emigrant directors actors screenwriters cinematographers set designers and composers It goes on to assess the cultural and economic contexts of transnational industry collaborations in the 1920s artistic cosmopolitanism in the 1930s and anti Nazi propaganda in the 1940s **The Reluctant Political Thinker** Sherman W. Garnett, 2025-05-19 Czesław Miłosz was a poet and public writer for almost eight decades and still remains a tremendous figure in world literature four decades after he won the Nobel Prize and two decades after his death Miłosz saw himself as an artist flying above the political fray but he left the building blocks for an analysis of his political and social thought in plain sight In this book Sherman Garnett explores this crucial neglected aspect of Miłosz's thinking by closely studying a wide range of his Polish and English writings arguing that he held a unique nuanced political philosophy Miłosz's observations on totalitarianism and democracy dissent emigration the United States and Soviet Union and the great crisis of civilization fit coherently into his overall artistic project and offer valuable insights for contemporary global social humanitarian and ecological challenges This original book contributes to ongoing scholarly debates and offers the first full account of Miłosz as a political thinker A Dictionary of the English Language Joseph Emerson Worcester, 1859 *Women Writers and the Early Modern British Political Tradition* Hilda L. Smith, 1998-03-26 This collection of essays includes studies of women's political writings from Christine de Pizan to Mary Wollstonecraft and explores in depth the political ideas of the writers in their historical and intellectual context The volume illuminates the limitations placed on women's political writings and their broader political role by the social and scholarly institutions of early modern Europe In so doing the authors probe legal and political restraints distinct national and state organisation and assumptions concerning women's proper intellectual interests In this endeavour the volume explores questions and subjects traditionally ignored by historians of political thought and little considered even by current feminist theorists groups who give slight attention to women's political ideas or place women's
