**2016** International Monetary Fund. Communications Department, 2016-10-05. This paper provides policymakers, academics, and the public with valuable information about policies and institutions in China today, the road ahead, and key principles that can help in navigating it. The paper focuses on crucial issues in the country's transformation, such as tax policy and administration, social security, state-owned enterprise reform, medium-term expenditure frameworks, the role of local government finances, Renminbi internationalization, and macroeconomic statistics. Women make up a little over half of the world's population, but their contribution to measured economic activity and growth is far below its potential. Despite significant progress in recent decades, labor markets across the world remain divided along gender lines, and progress toward gender equality seems to have stalled. Women's economic empowerment is critical for the overall economy. As research conducted both inside and outside the IMF shows, empowering women can boost economic growth, reduce income inequality, support export diversification, and strengthen corporate performance.      **Handbook of Nature-Based Drought Solutions**

Saeid Eslamian, Faezeh Eslamian, 2025-06-27. Handbook of Nature-Based Drought Solutions covers the latest research on successful, sustainable solutions for the efficient water resources management to overcome drought and water scarcity problems. The book centers around the realms of drought modeling, green infrastructure planning, and the utilization of remote sensing to evaluate, dissect, and oversee drought occurrences. It delves into subjects such as risk mitigation, strategic planning, policy considerations, and the ecological restoration of degraded lands after drought. The use of case studies and novel methodologies, including soft computing technique application, will help the reader gain a deeper knowledge in understanding, predicting, and mitigating hydrometeorological hazards. Offers fundamental information on nature-based techniques to drought management. Includes case studies and methods for the successful implementation of ecological restoration of degraded lands. Covers both traditional and novel techniques for the efficient water resources management to overcome drought and water scarcity problems.      **The Empire That Would Not Die**

John Haldon, 2016-04-05. The eastern Roman Empire was the largest state in western Eurasia in the sixth century. A century later, it was a fraction of its former size. Ravaged by warfare and disease, the empire seemed destined to collapse. Yet it did not die. John Haldon elucidates the factors that allowed the empire to survive against all odds into the eighth century.      TEXES Core Subjects EC-6 (391) Book +
