The Trail of the Open Heart Rebecca Rees, 2010-01-15 These are stories of All Kinds of Love cat love family love romantic love erotic love friendship and community love love of work love of home love of nature love of art love of justice love of spirit broken love mistaken love and eternal love From finding and losing and finding a girlhood Jesus to fighting racial injustice in the old South to thirty years of radical loving in flowery San Francisco to adventuring to live on the edge of the wild high desert mountains this is one feminist Everywoman's journey on the Trail of the Open Heart The dedication from the story Mistakes of the Open Heart gives a taste of the book I dedicate this story to my loving mistakes on the trail of the open heart the ones who got away To Michael my first friend in San Francisco who was in love when I was free and free when I was in love and lovingly married when I was free again To Charles my Rainmaker To Tim the first lover who made me feel beloved To Doug my kindred spirit who held hands with me in the convent To Steve who dumped me on the Winter Solstice but still wrote to tell me he loved his Hanukkah present of seven stories To David a sweet guy who just wanted to be my friend and sing with me on the trail And to Paula best friend and adventure buddy of my youth who said that one of us should have been a man and knew that neither was willing to volunteer From you lost nowhere or

nevermore lovers and from the unnamed others including the bad guys I have learned hard lessons You taught me humility and respect for the needs of others You taught me compassion in situations in which I was the rejector instead of the rejectee You taught me to allow every relationship to assume its natural form and that just because people love each other does not mean that they are meant to be together You helped me learn that the true source of all my love is me You taught me that part of being an attractive woman may be attracting experiences that I didn't expect You taught me to take responsibility for assessing when a person may be impulsive and unreliable and to take responsibility for acting on that knowledge You taught me that emotional fluency is not necessarily emotional responsibility You taught me that men who declare that they have been my lover in many lifetimes probably jerked me around in all those other lifetimes too You taught me to balance the romantic with the rational and not to mistake neediness for passion You taught me to count the cost of a relationship and decide if I am willing to pay that price all of it and still not get what I want I learned that most people love as well as they know how at the time given human imperfection in giving love and human imperfection in receiving it I learned that sometimes love is deeper without sex and sometimes friendship is more loving than love I learned that love is everywhere here and now and is not restricted in form I learned that life is ultimately a great Mystery and that what we have to give and teach each other may be beyond our immediate comprehension You my mistakes of the open heart led me to experience the tremendous peace and clarity that comes from giving up absolutely on an unworkable situation You helped me to learn that I can survive the death of an illusory self in relationship and be reborn to new possibilities an ever widening horizon of life You have helped me to become a woman of wisdom a woman who has learned to make good love and good friends when I can and learned to make the scraps into enlightenment soup

Gaia's Body Tyler Volk, 2012-12-06 If the biosphere really is a single coherent system then it must have something like a physiology It must have systems and processes that perform living functions In *Gaia's Body* Tyler Volk describes the environment that enables the biosphere to exist various ways of looking at its anatomy and physiology the major biogeographical regions such as rainforests deserts and tundra the major substances the biosphere is made of and the chemical cycles that keep it in balance He then looks at the question of whether there are any long term trends in the earth's evolution and examines the role of humanity in *Gaia's* past and future Both adherents and sceptics have often been concerned that *Gaia* theory contains too much goddess and too few verifiable hypotheses This is the book that describes for scientists students and lay readers alike the theory's firm basis in science

The Gil Lopez Buddy Network Rebecca Rees, 2008-05-16 *The Gil Lopez Buddy Network A Love Story of Living Big and Dying Great* by Rebecca Rees My son asked me if I had made my peace with God I told him I didn't know She and I had had a fight Gil Lopez This is the story of Gil Lopez an African American activist and peacemaker and his last years of spirited living healing and dying within a multi cultural community of friends Gil died as he lived with courage and imagination with moxie and music and with his buddies This is a radical musical of a book political and spiritual funny and poignant with a great cast of characters a

great love story and Gil's voice singing throughout in his sweet tenor This book is for anyone looking for a way to face death with heart for any community wanting to support a dying friend and for all those who grieve and hope to give meaning to their suffering And this is a book about how to face life with heart how to live big as Gil lived From the introduction If you can envision a radical contemporary Jesus big bellied and brown who loved dancing and football and was surrounded by women instead of men disciples then you can begin to picture Gil Lopez Gil was spiritually larger than life one of the Big Souls who show the way He was a natural leader a man who evolved from a black radical defending his people to a wise peacemaker among all peoples a man with a royal presence and an inherent nobility of character And yet he was completely earthy and unpretentious always ready to laugh at himself and the world always eager to learn from others and to cheer them on in his broad Boston accent I have never met a man so utterly without personal vanity or a sense of self importance and yet so filled with self confidence about his larger mission Gil had a saintly quality of selfless dedication and yet he was also endearingly human We couldn't have stood him otherwise Gil was a big bear of a man and he could be as cuddly as a teddy or as powerful as a grizzly He told great dirty jokes His room was a mess He danced on the tables His hugs were Olympian Both kingly and comforting he reminded me of the fuzzy purple African violets he raised so tenderly He was Our Funny Valentine the most loving and loveable man I have ever known Gil wanted to leave a message to the world It was a message he lived all his life and especially in his last years of healing and dying The message is that with community you can do anything Being with Gil in community as he lived into dying was a transforming experience for all of us sorrow and suffering that is consciously shared can become almost a blessing I think Gil would want me to add that I need to let folks know that if you are with your buddies you can even have a wonderful time while you're dying The experiences of Gil's last days also gave a clear message to me and others who were close at the bedside that death is merely the doorway to new spiritual adventures Gil lived big and he died big and all our souls got bigger as we made the last journey with our Big Soul Buddy Finally and perhaps most importantly Gil was a great man because he made you feel that you were great and made you want to do great things See the Gil Lopez Community Website at gillopez.net for photographs information about the three documentaries in which Gil was featured and new stories of the lives and work of Gil's buddies

More Letters from the Edge Margaret Randall, 2025-09-09 A collection of letters exchanged between the author and four outriders artists writers and activists who risk everything to confront censorship injustice and the constraints of convention In More Letters from the Edge Margaret Randall continues her exploration of the power of correspondence revealing the intimate and unguarded exchanges that define lives lived at the margins of convention Through letters interviews and fragments of memory she invites us into conversations with four fearlessly radical writers artists and activists Arturo Arango Kathy Boudin Jane Norling and Robert Schweitzer Their voices translated remembered and preserved offer urgent reflections on risk resistance and the act of making meaning in a world that now more than ever seeks to silence dissent More than historical
