Why Do Most Americans Drive Automatic Cars:

What Is the CURE for America? Star Parker, 2023-06-23 Star Parker's deeply personal devotion to healing America and empowering disadvantaged communities was inspired by her experiences with government from disempowering reliance on social programs to Washington activism geared toward extending economic opportunity and the chance to succeed to all. This book is a collection of Star's columns on economics, culture, politics, and race. She explains why freedom and personal responsibility must always go hand in hand and why private ownership and opportunity, not more government programs, create the surest paths to success for all who seek their American dream. In this collection of columns spanning four years, 2019-2023, Parker offers a frank look at what's really ailing this country and what we can do to cure it. *The Auto Choice Reform Act of 1997* United States. But Don't** Jessamyn Conrad, 2012-01-12 Now in its second edition here is one of the first and only issue-based nonpartisan guides to contemporary American politics. It's a very exciting time in American politics. Voter turnout in primaries and caucuses across the nation has shattered old records. More than ever in this election year, people are paying attention to the issues. But in a world of sound bites and deliberate misinformation and a political scene that is literally colored by a partisan divide, blue vs. red, how does the average educated American find a reliable source that's free of political spin? *What You Should Know About Politics But Don't* breaks it all down, issue by issue, explaining who stands for what and why, whether it's the economy, the war in Iraq, health care, oil and renewable energy sources, or climate change. If you're a Democrat, a Republican, or somewhere in between, it's the perfect book to brush up on a single topic or read through to get a deeper understanding of the often mucky world of American politics.
