Congress, 1998      **Beyond Measure** Ellen Frankel, 2006-09-01 A touching tender and at times funny account of a woman's struggle for stature in a 4 foot 8 inch tall body *Beyond Measure* speaks to the heart of soul breaking attempts to fit an arbitrary and elusive cultural ideal of physical perfection Being short isn't the problem Ellen Frankel insists Instead the real difficulties lie in the social bias against short people Frankel shares the difficulties of living short in a world in which stereotypes are based on gender and size She moves beyond her own experience into the political realm in revealing how pharmaceutical companies with government backing are expanding the market for human growth hormone treatment by reclassifying healthy short children as patients in need of such injections in hopes of making them taller She shares the dilemma of being subjected to simultaneous messages that her physical body should be bigger that is taller but not wider while her expansive spiritual body should be smaller Self destructive behaviors emerge from too much attention on the external rather than the internal workings of the soul Frankel flirts with eating disorders and unhealthy relationships with powerful males in an attempt to compensate for her feelings of not measuring up In the process her real self slips farther away The path out of her dilemma lies in the shadow of the tallest mountain on Earth It is through a spiritual pilgrimage to Nepal that Frankel discovers her own strength and spirit and that we are all dwarfed by Everest and beyond measure If you have ever measured your height or weight and felt good or bad about yourself as a result you need this book says Marilyn Wann author of *FAT SO Because You Don't Have to Apologize for Your Size* In its pages Ellen Frankel makes an important contribution to human liberation by telling the most fabulous story that can be told the story of a person coming fully into her own This book is thought provoking heart rending and a genuine solace for people of all sizes      **PC Mag** , 2004-04-20 PCMag.com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology      MAP Jody H.
