Why Women Don T Report Domestic Violence:

The Mind Of A Cop Scott Fielden,2009 If you re a cop this book will remind you why you started the job If you re not it might help you understand our behavior and the importance of obtaining all the facts before passing judgment on a cop it will take you on a roller coaster ride in the lives of law enforcement officers interlaced with dark humor unimaginable horrors and practical jokes Lt Doug Gregg Washington County TN Sheriff s Office *Reconciled to Violence State Failure to Stop Domestic Abuse and Abduction of Women in Kyrgyzstan* Acacia Shields,2006 This 140 page report concludes that although Kyrgyzstan has progressive laws on violence against women police and other authorities fail to implement them As a result women remain in danger and without access to justice Based on in depth firsthand interviews with victims of violence the report tells the stories of women who have been kicked strangled beaten stabbed and sexually assaulted by their husbands The report also tracks what happens when women seek help from the authorities Instead of attaining safety and access to justice they are encouraged to reconcile with their abusers Publisher s website **Just Die Quietly, Domestic Violence and Women's Vulnerability to HIV in Uganda** Lisa Karanja,2003 Recommendations Background Domestic violence and HIV AIDS State response Uganda s obligations under international and regional law Conclusion Appendix Declaration of Commitment of the U N General Assembly Special Session on HIV AIDS June 2001 Acknowledgements *Toxic Masculinity, Casino Capitalism, and America's Favorite Card Game* Andrew Manno,2020-02-19 Poker is a centuries old American game Why has it become so popular in the twenty first century What does current interest in the game tell us about ourselves and some of our most pressing social issues In this timely and thought provoking book Andrew Manno offers important insights into the intersection of gaming gender and capitalism that illuminate how the shift to a casino capitalist economy combined with a culture of toxic masculinity impacts workers and how it has led to the rise of populism in the United States that manifested in the 2016 election of Donald Trump **Why Don't You Just Talk to Him?** Kathleen R. Arnold,2015 Why Don t You Just Talk to Him looks at the broad political contexts in which violence specifically domestic violence occurs Kathleen Arnold argues that liberal and Enlightenment notions of the social contract rationality and egalitarianism the ideas that constitute norms of good citizenship have an inextricable relationship to violence According to this dynamic targets of abuse are not rational make bad choices are unable to negotiate with their abusers or otherwise violate norms of the social contract they are thus second class citizens In fact as Arnold shows drawing from Nietzsche and Foucault s theories of power and arguing against much of the standard policy literature on domestic violence the very mechanisms that purportedly help targets of domestic abuse actually work to compound the problem by exacerbating or ignoring the power differences between the abuser and the abused The book argues that a key to understanding how to prevent domestic violence is seeing it as a political rather than a personal issue with political consequences It seeks to challenge Enlightenment ideas about intimacy that conceive of personal relationships as mutual equal and contractual Put another way it challenges policy ideas

that suggest that targets of abuse can simply choose to leave abusive relationships without other personal or economic consequences or that there is a clear and consistent level of help once they make the choice to leave Asking Why Don't You Just Talk to Him is in reality a suggestion riven with contradictions and false choices Arnold further explores these issues by looking at two key asylum cases that highlight contradictions within the government's treatment of foreigners and that of long term residents These cases expose problematic assumptions in the approach to domestic violence more generally Exposing major injustices from the point of view of domestic violence targets this book promises to generate further debate if not consensus

Women First, Men Last , Deconstructing Refugee Women's Empowerment Zeynep Kilicoglu, 2025-04-16 This book explores how self identified feminist or women's organizations in the asylum and charity sectors in the United Kingdom and France attach meanings to and address refugee women's empowerment in their operations and how these perpetuate or disrupt global hierarchies Adopting a feminist intersectional and post colonial

approach this book provides a nuanced assessment on how refugee assistance might move beyond the dominant vulnerability versus empowerment dichotomy Acknowledging how some of the current practices still impose vulnerability on women it aims to contribute to the newly established literature exploring how refugeehood and asylum seeking are not necessarily disempowering for fleeing women as they can provide new opportunities for negotiating gender norms supporting women to practice agency Building on rich empirical work conducted via semistructured interviews with refugee women and aid professionals and participant observation in refugee communities the book scrutinises how refugee women s empowerment is embedded in the histories of colonialism biopolitics racism and patriarchy which legitimises the boundaries between the West and the rest and it sheds light on the new strategies created by communities to move beyond these hierarchies acknowledging women as autonomous actors who do not need to rely on aid structures Students and scholars of migration and refugee studies feminist international relations gender studies postcolonial studies alongside humanitarian practitioners policy makers and advocates that operate at various levels will find this interdisciplinary book useful for understanding the realities of refugee women and professional workers in aid structures
