Tart and learn to use those symbols in your meditations and magical work You ll also find a new way of reading Tarot and a complete description of The Witches Tarot deck which is designed to include the Qabalistic symbolism in a way that speaks to Pagans This guide includes complete descriptions of each card as well as each card s Hebrew letter astrology color scent gem and Qabalistic path correspondences Also included in this book are magnificent illustrations of the 22 Major Arcana by artist Martin Cannon Ellen Cannon Reed shows how each of the cards are associated with one of the paths on the Qabalistic Tree of Life She has gathered data from multiple Qabalistic sources and combined this research with her own knowledge of Wicca This is the first book that clearly discusses the Tarot from both the Qabalistic and the Wiccan points of view The Magical Life of Scott Cunningham Donald Michael Kraig,2024-11-06 For years a young man joined covens to investigate and practice Wicca He puzzled over two questions and wrote a book about his answers That book encouraged people for the first time ever to learn and follow Wicca on their own changing Wicca into the fastest growing faith on the planet That book was Wicca A Guide for the Solitary Practitioner That man was Scott Cunningham Who was he What drove him as a writer and in his personal and spiritual life Donald Michael Kraig Scott s roommate for six years reveals the real Scott in this new look at everything Cunningham Discover how Scott became fascinated by herbal magic and discovered Wicca See how his approach to work life and magic infuse in his writing Read previously unpublished personal episodes in his life Scott became fascinated with Hawaii and travelled there frequently Why What drew him there repeatedly Read the truth about the man who changed Wicca forever and learn his magical secrets What were his passions in life What were the two questions he asked Find out when you read The Magical Life of Scott Cunningham **Witchcraft from the Inside** Raymond Buckland,1995 The word Witchcraft has been misunderstood for centuries In the past 500 years millions of people have faced persecution torture and even death after being accused of practicing Witchcraft For many people the word Witch still conjures up images of secret spells and diabolical midnight rituals So what exactly is Witchcraft also called Wica or Wicca and how did it evolve into one of today s fastest growing religions Witchcraft From the Inside presents the history of Witchcraft from its roots in ancient fertility religions to the madness of the Malleus Maleficarum and the European Witch trials to the growth of modern Wicca in Britain and the United States Essays contributed by leading Wiccan authorities explore the present state of Wicca and provide a glimpse into the future of this peaceful nature religion Author Ray Buckland studied Witchcraft under Gerald Gardner the man largely credited for the revival of Witchcraft and the establishment of Wicca as a modern religion Mr Buckland was instrumental in bringing Gardnerian Witchcraft from England to the United States and is considered to be one of the leading American authorities on Witchcraft In the following excerpt Mr Buckland explains the mundane truths behind the seemingly horrific ingredients of the legendary witches brews We know from Shakespeare and other sources that the Witches threw into their pots the most gruesome ingredients right There were things like the tongue of a snake bloody fingers catgut donkey s eyes frog s foot goat s beard a Jew s ear mouse tail snake head swine snout wolf s foot and so on

Pretty disgusting by the sound of it if you take them at face value In fact these were all the most innocuous of ingredients normal plants and herbs Today all plants have a Latin name so that they may be distinct and positively identified Yet years ago they were known only by common local names A plant or herb might be known by one name in one part of the country and a quite different name in another part of the country And these names were colorful ones frequently given to the plant because of its looks color or other attributes In the above list adder s tongue was a name given to the dogtooth violet Erythronium americanum bloody fingers was the foxglove Digitalis purpurea catgut was the hoary pea Tephrosia virginiana donkey s eyes were the seeds of the cowage plant Mucuna pruriens frog s foot was the bulbous buttercup Ranunculus bulbosus goat s beard was the vegetable oyster Tragopogon porrofolius Jew s ear was a fungus that grew on elder trees and elm trees Peziza auricula mouse tail was common stonecrop Sedum acre snake head was balmony Chelone glabra swine snout was the dandelion Taraxacum dens leonis and wolf s foot was bugle weed Lycopus virginicus So the seemingly fearsome concoctions that the Witches mixed up in their cauldrons were nothing more than simple herbs going into a cookpot
