## **Wife And War The Memoir:**

**Wife and War** Amalie Flynn, 2013-08-20 **WIFE AND WAR THE MEMOIR** is Amalie Flynn's story of 9/11 of being just blocks away and witnessing the terror attack of running in the dust and debris as the Twin Towers collapsed behind her and of how in the years that followed 9/11 she became intertwined with the war on terror that began on that day. She became a military wife. She and her husband survived his 15-month deployment to Afghanistan. And then they endured the aftermath of war when war followed her husband home, occupied their house, and their marriage and created battlefields they did not expect. But **WIFE AND WAR THE MEMOIR** is more than just Flynn's story. In a time when war spreads itself across the globe, **WIFE AND WAR THE MEMOIR** is our story. *Memoirs of the Verney family during the civil war*, by Frances Parthenope Verney, 1892

**War Memoirs 1914-1918** Harry Marcuse, 2010-10-26 Harry Marcuse 1876-1931 was a psychiatrist in Berlin. During the First World War, he served as an army doctor first on the Eastern Front and in 1918 as head of a field hospital in France. Sometime after the war, he wrote memoirs of those experiences, but the manuscript lay dormant in the legacies of his widow and daughter for decades until they were gratefully discovered by an American granddaughter who had studied German. The unfamiliar script was painstakingly transcribed by her husband's parents in 1991 and subsequently translated into English by her husband Herbert Kaufman. The work provides a fascinating reflection of military and social conditions from the viewpoint of a Jewish commissioned officer in the German army during the First World War.

*One Woman's War* Gladys Arnold, 1987 A gripping story of a courageous lively journalist who witnessed World War Two with the French Resistance.

*Native Memoirs from the War of 1812* Carl Benn, 2014-02 Rare firsthand accounts from Native Americans who fought in the War of 1812. Native peoples played major roles in the War of 1812 as allies of both the United States and Great Britain, but few wrote about their conflict experiences. Two famously wrote down their stories: Black Hawk, the British allied chief of the still independent Sauks from the upper Mississippi, and American soldier William Apess, a Christian convert from the Pequots who lived on a reservation in Connecticut. Carl Benn explores the wartime passages of their autobiographies in which they detail their decisions to take up arms, their experiences in the fighting, their broader lives within the context of native-newcomer relations, and their views on such critical issues as aboriginal independence. Scholars, students, and general readers interested in indigenous and military history in the early American republic will appreciate these important memoirs along with Benn's helpful introductions and annotations.
