Baseball's Creation Myth Brian Martin,2013-06-12 The story about baseball s being invented in Cooperstown New York in 1839 by Abner Doubleday served to prove that the U S national pastime was an American game not derived from the English children s game of rounders as had been believed The tale embraced by Americans has long been proven false but to this day Cooperstown is celebrated as the birthplace of baseball The story has captured the hearts of millions But who spun that tale and why This book provides a surprising answer about the origins of America s most durable myth It seems that Abner Graves who espoused Cooperstown as the birthplace of the game likely

was inspired by another story about an early game of baseball The stories were remarkably similar as were the men who told them For the first time this book links the stories and lives of Graves a mining engineer and Adam Ford a medical doctor both residents of Denver Colorado While the actual origins of the game of baseball remain subject to debate and study new light is shed on the source of baseball's durable creation myth Inari Sámi Folklore August V.
