Coward the Dramatist Roger Kojecky, 2024-03-07 Discussions of Coward s achievement in the theatre between 1920 and 1966 have tended to stay with the colourful biography The more analytical literary approach adopted here places Coward s success in its wider theatrical context making the connections with the work of other dramatists He developed his technique according to what worked with theatre audiences Taking up the well made play he brought in a more colloquial dialogue explored for instance the morality and psychology of marriage and free love and frequently exploited the dramatic possibilities of characters grouped into two camps The book considers both the pleasant and unpleasant plays to use the Shavian terms and the episodic patriotic plays It Includes Coward s ambivalent approach to the theatre of war in the 20th century 123 *Machine Learning and Internet of Things in Fire Ecology* Kaunert,
