Wildest Hearts English Edition:

To Tame a Wild Heart Tracy Fobes, 2002-05-17 Applauded for her unique ability to blend romance history and the wonders of the paranormal into unforgettable novels Tracy Fobes has taken her flair for the otherworldly to the Scottish Highlands where a mysterious beauty discovers her true identity The villagers think her one of the fairy folk for she was found wandering the Highlands at the age of four able to communicate with the creatures of the moors Now eighteen Sarah quietly uses her gift to heal wounded animals But when word of the lovely changeling spreads her peaceful existence is shattered Convinced Sarah is his long lost daughter the powerful Duke of Argyll offers to bequeath her his estate if she will but take her place in society Her first duty is to become a lady under the tutelage of the duke's erstwhile heir the dangerously provocative Earl of Cawdor Sarah savors the simmering passions the cynical earl arouses in her even as she suspects he is merely using seduction to secure his birthright In this civilized world where desire and deception are one and the same how can she ever trust in love

The Way of the Wild Heart John Eldredge, 2006-11-12 This is a book about how a boy and a man becomes a man It's a guide to the process of masculine initiation that ancient path every boy and man must take if they would become the man they long to be The path whereby they come to know they are a man and are able to live and love from a deep centered strength We live in a time where most men and boys are essentially fatherless Whatever their circumstance they have no man actually taking them through the many adventures trials battles and experiences they need to shape a masculine heart within them They find themselves on their own to figure life out and that is a lonely place to be Their fears anger boredom and their many addictions all come out of this fatherless place within them a fundamental uncertainty in the core of their being But there is a way We aren't meant to figure life out on our own says John Eldredge God wants to father us In The Way of the Wild Heart Eldredge reveals how God comes to a man and takes him on the masculine journey how nearly all the events of a man's life can come together to provide the initiation he never received And how parents can offer that initiation to their sons Whatever your age may be your Father is ready to take up your journey For you are his son

New York Magazine ,1991-06-10 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea

The Heart of the Wild Ben A. Minteer,Jonathan B. Losos,2024-08-13 Timely and provocative reflections on the future of the wild in an increasingly human world The Heart of the Wild brings together some of today s leading scientists humanists and nature writers to offer a thought provoking meditation on the urgency of learning about and experiencing our wild places in an age of rapidly expanding human impacts These engaging essays present nuanced and often surprising perspectives on the meaning and value of wildness amid the realities of the Anthropocene They consider the trends and forces from the cultural and conceptual to the ecological and technological that are transforming our relationship with the natural world and sometimes seem only to be pulling us farther away from wild places and species with each passing day The contributors make impassioned defenses of naturalism natural history and nature education in helping us to rediscover a love for the wild at a time when our connections with it have frayed or been lost altogether Charting a new path forward in an era of ecological uncertainty The Heart of the Wild reframes our understanding of nature and our responsibility to learn from and sustain it as the human footprint sinks ever deeper into the landscapes around us With contributions by Bill Adams Joel Berger Susan
