Willard Sterne Randall Book:

Slavery and the Founders Paul Finkelman, 2014-04-09 In *Slavery and the Founders* Paul Finkelman addresses a central issue of the American founding how the first generation of leaders of the United States dealt with the profoundly important question of human bondage The book explores the tension between the professed idea of America as stated in the Declaration of Independence and the reality of the early American republic reminding us of the profound and disturbing ways that slavery affected the U S Constitution and early American politics It also offers the most important and detailed short critique of Thomas Jefferson s relationship to slavery available while at the same time contrasting his relationship to slavery with that of other founders This third edition of *Slavery and the Founders* incorporates a new chapter on the regulation and eventual 1808 banning of the African slave trade

The Founders' Fortunes Willard Sterne Randall, 2025-01-14 An illuminating financial history of the Founding Fathers revealing how their personal finances shaped the Constitution and the new nation In 1776 upon the signing of the Declaration of Independence the Founding Fathers concluded America s most consequential document with a curious note pledging our lives our fortunes and our sacred honor Lives and honor did indeed hang in the balance yet just what were their fortunes How much did the Founders stand to gain or lose through independence And what lingering consequences did their respective financial stakes have on liberty justice and the fate of the fledgling United States of America In this landmark account historian Willard Sterne Randall investigates the private financial affairs of the Founders illuminating like never before how and why the Revolution came about The Founders Fortunes uncovers how these leaders waged war crafted a constitution and forged a new nation influenced in part by their own financial interests In an era where these very issues have become daily national questions the result is a remarkable and insightful new understanding of our nation s bedrock values

AMERICAN LIVES VOL 1 and AMER LIVES VOL 2 PKG

Willard Sterne Randall, Nancy Nabra, 1998-06-11

Benjamin Franklin Christopher J. Murrey, 2002 Benjamin Franklin is generally considered one of America s most versatile and talented statesmen scientists and philosophers His achievements include publisher of *Poor Richard s Almanac* and many articles on political economic religious philosophical and scientific subjects He was the inventor of bifocals the Franklin stove lightening rod he was one of the signers of the Declaration of Independence and the founder of what is now the University of Pennsylvania This book presents a detailed and riveting review of Franklin s life based on excerpts from the renowned 1899 book on Franklin by Sydney George Fisher This overview is augmented by a substantial selective bibliography which features access through title subject and author indexes

Thomas Jefferson and Sally Hemings Annette Gordon-Reed, 1998-03-29 When Annette Gordon Reed s groundbreaking study was first published rumors of Thomas Jefferson s sexual involvement with his slave Sally Hemings had circulated for two centuries Among all aspects of Jefferson s renowned life it was perhaps the most hotly contested topic The publication of *Thomas Jefferson and Sally Hemings* intensified this debate by identifying glaring inconsistencies in many noted scholars

evaluations of the existing evidence In this study Gordon Reed assembles a fascinating and convincing argument not that the alleged thirty eight year liaison necessarily took place but rather that the evidence for its taking place has been denied a fair hearing Friends of Jefferson sought to debunk the Hemings story as early as 1800 and most subsequent historians and biographers followed suit finding the affair unthinkable based upon their view of Jefferson s life character and beliefs Gordon Reed responds to these critics by pointing out numerous errors and prejudices in their writings ranging from inaccurate citations to impossible time lines to virtual exclusions of evidence especially evidence concerning the Hemings family She demonstrates how these scholars may have been misguided by their own biases and may even have tailored evidence to serve and preserve their opinions of Jefferson This updated edition of the book also includes an afterword in which the author comments on the DNA study that provided further evidence of a Jefferson and Hemings liaison Possessing both a layperson s unfettered curiosity and a lawyer s logical mind Annette Gordon Reed writes with a style and compassion that are irresistible Each chapter revolves around a key figure in the Hemings drama and the resulting portraits are engrossing and very personal Gordon Reed also brings a keen intuitive sense of the psychological complexities of human relationships relationships that in the real world often develop regardless of status or race The most compelling element of all however is her extensive and careful research which often allows the evidence to speak for itself Thomas Jefferson and Sally Hemings An American Controversy is the definitive look at a centuries old question that should fascinate general readers and historians alike

The Civil War Terry Jansen,2008-12-22 This is the story of how slavery caused the Civil War from the slave statutes enacted in Jamestown Virginia to the slaveholding founding fathers to its inclusion in the documents of democracy

George Washington Willard Sterne Randall,2006-01-28 Willard Sterne Randall whose biography of Thomas Jefferson was hailed as outstanding by The Wall Street Journal and whose Benedict Arnold Patriot and Traitor was praised as riveting by The New York Times turns his attention to the founding father of our country George Washington Randall tells the fascinating tale of a man who turned an impoverished childhood into a life of creative rebellion He follows Washington s rise to greatness as he turns from managing plantations to becoming a professional soldier and eventually joining in the fight against taxation without representation which would spark the American Revolution

The General and Mrs. Washington Bruce Chadwick Ph.D.,2007-10-01 Here is the story of the fateful marriage of the richest woman in Virginia and the man who could have been king In telling their story Chadwick explains not only their remarkable devotion to each other but why the wealthiest couple in Virginia became revolutionaries who risked the loss of their vast estates and their very lives One of George Washington s secret weapons in his rise to power and immortality was the extraordinary woman he married The story of the half century long married love affair of George and Martha Washington is truly inspiring Willard Sterne Randall author of George Washington A Life Chadwick puts a more human face on Washington by creating a very detailed portrait of how he and the outgoing Martha lived their food their slaves and servants their health their furniture their daily life together USA

Today **U.S. Presidency (eBook)** Tim McNeese,2001-09-01 The U S Presidency traces the complicated evolution of the American presidency from 1789 to the present From George Washington to George W Bush the distinct legacies and unique contributions of all 43 American presidents are discussed Using a biographical format special emphasis is given to the powerful convergence of personality and circumstance which transformed the office of our nation s chief executive into the most prominent and influential political office in the world Challenging review questions encourage meaningful reflection and historical analysis Tests answer key and bibliography included *Rough Diamond* A. K. Fielding,2021-06-08 Solider politician miner pioneer scion of a Founding Father William Stephen Hamilton led a prolific life *Rough Diamond The Life of Colonel William Stephen Hamilton* examines the tumultuous early Republic period of American history through the life of Alexander Hamilton s son Born in New York in 1797 the fifth son of Alexander Hamilton he was only seven when his father was infamously killed in a duel with Vice President Aaron Burr After resigning from West Point Hamilton moved to frontier Illinois in 1817 The famous name of Hamilton that may have acquired him rank and prestige at one time was meaningless in a Midwestern frontier society driven by the Jacksonians Yet despite being hurled into a clash of economic political and cultural cultures Hamilton determined to live his life by his own rules A veteran of the Winnebago and Black Hawk Wars Hamilton was elected to the Illinois House of Representatives before moving to the Wisconsin territory where he founded the mining town of Hamilton s Diggings Wiota WI When gold was discovered in California in 1848 he traveled west where he would die in Sacramento in 1850 In *Rough Diamond The Life of Colonel William Stephen Hamilton* author A K Fielding expands the story of the Hamilton family Hamilton s life offers a firsthand account of the formation of the Midwestern states the realities of life on the frontier and mass migration caused by the California Gold Rush *Building Six* Willard Sterne Randall,Steven D. Soloman,1977-06 *Walter Isaacson Great Innovators e-book boxed set* Walter Isaacson,2011-10-24 This includes the exclusive biography of Steve Jobs and bestselling biographies Benjamin Franklin and Einstein *Alexander Hamilton* Willard Sterne Randall,2010-06-18 Hamilton s turbulent life the dramatic birth of a nation propelled with the page turning intensity of an epic novel Ronald Blumer Peabody Award winning writer A new reissue of this important biography of Alexander Hamilton arguably one of the most brilliant and complex of our nation s founders From his less than auspicious start in 1755 on the Caribbean island of Nevis to his unhappy fate in 1804 in Weehawken New Jersey at the hands of his enemy Aaron Burr Alexander Hamilton s short life left a huge legacy Orphaned at eleven and apprenticed to a counting house Hamilton learned the principles of business that helped him as the first Secretary of the Treasury create the American banking system and invent the modern corporation He served in the American Revolution primarily as aide de camp to General Washington and subsequently developed a successful legal career co wrote *The Federalist Papers* and built a life in politics Told in a highly readable style Alexander Hamilton presents Hamilton s contributions to America and what they mean today Assiduously researched and appealingly written an informative and insightful portrait of a highly complex personality

Houston Chronicle Engaging vivid Publishers Weekly Randall excels in describing the conflicts Hamilton created and weathered as a soldier politician and lawyer St Louis Post Dispatch This is biographical excellence solid first rate work William H Hallahan author of The Day the American Revolution Began A fresh look at the many faceted career of one of the Founding Fathers BookPage This richly detailed deeply sympathetic biography gives us a Hamilton we re compelled to know hungry human brilliant and magnificent Virginia Scharff author of Twenty Thousand Roads **The Search for Liberty** Esmond Wright,1995-02-17 This is a history of the region now known as the United States of America from earliest times to the American victory over the British and the Declaration of Independence in 1776 The book charts the arrival of the first Americans through Alaska millennia before the coming of the Norsemen or of Cabot Columbus and Raleigh It tells of the sixteenth century incursions by the Spanish French and English their interaction with the American Indians and describes the early settlements their culture activities and trade The author traces the rise to dominance of the British settlers and the establishment of the whole of east America within the British Empire The book closes with an account of the war with the British and of Washington s final triumph The Living Church ,1999 **Thomas Jefferson** Willard Sterne Randall,1994-06-18 The highly praised one volume biography of Thomas Jefferson that provides illuminating new insights into his public and private life by the award winning author of A Little Revenge Benjamin Franklin at War with His Son and Benedict Arnold Patriot and Traitor The "S" Word John Nichols,2011-03-21 Political reporter Nichols argues that socialism has a long proud American history This short irreverent book gives Americans back a crucial part of their history and makes a forthright case for socialist ideas today *Minutes to Midnight* Paul Dukes,2011 The Doomsday Clock was created in 1947 by a group of atomic scientists to symbolise the perils facing humanity from nuclear weapons In 2007 it was set at five minutes before the final bell including for the first time the threat of climate change as well as new developments in the life sciences and nanotechnology This book aims at an analysis of the evolution of our present predicament throughout the Anthropocene Era beginning in 1763 making special reference to the history of the period the study of the subject and major advances in the natural sciences Adam Smith and Adam Ferguson set out the basis for a scientific approach to the pre industrial stages of historical development in the Enlightenment of the late eighteenth century when the American and French Revolutions created a vocabulary of modernity Throughout the nineteenth and twentieth centuries as the industrial revolution unfolded in several stages nationalism imperialism and totalitarianism were among the phenomena impeding the update of the Enlightenment programme as well as the fulfilment of the aspirations of 1776 and 1789 Our present predicament demands a rigorous examination of its origins and an assertion of a scientific pandisciplinary approach involving history and other academic specialisations *A Powerful Mind* Adrienne M. Harrison,2015-10 His formal schooling abruptly cut off at age eleven George Washington saw his boyhood dream of joining the British army evaporate and recognized that even his aspiration to rise in colonial Virginian agricultural society would be difficult Throughout his life he faced challenges

for which he lacked the academic foundations shared by his more highly educated contemporaries Yet Washington's legacy is clearly not one of failure Breaking new ground in Washington scholarship and American revolutionary history Adrienne M Harrison investigates the first president's dedicated process of self directed learning through reading a facet of his character and leadership long neglected by historians and biographers In *A Powerful Mind* Harrison shows that Washington rose to meet these trials through a committed campaign of highly focused reading educating himself on exactly what he needed to do and how best to do it In contrast to other famous figures of the revolution Thomas Jefferson John Adams Benjamin Franklin Washington did not relish learning for its own sake viewing self education instead as a tool for shaping himself into the person he wanted to be His two highest profile and highest risk endeavors commander in chief of the Continental Army and president of the fledgling United States are a testament to the success of his strategy

Jefferson's Demons Michael Knox Beran, 2010-05-11 I have often wondered for what good end the sensations of Grief could be intended Thomas Jefferson Thomas Jefferson suffered during his life from periodic bouts of dejection and despair shadowed intervals during which he was full of gloomy forebodings about what lay ahead Not long before he composed the Declaration of Independence the young Jefferson lay for six weeks in idleness and ill health at Monticello paralyzed by a mysterious malady Similar lapses were to recur during anxious periods in his life often accompanied by violent headaches In *Jefferson's Demons* Michael Knox Beran illuminates an optimistic man's darker side Jefferson as we have rarely seen him before The worst of these moments came after his wife died in 1782 But two years later after being dispatched to Europe Jefferson recovered nerve and spirit in the salons of Paris where he fell in love with a beautiful young artist Maria Cosway When their affair ended Jefferson's health again broke down He set out for the palms and temples of southern Europe and though he did not know where the therapeutic journey would take him or where it would end his encounter with the old civilizations of the Mediterranean was transformative The Greeks and Romans taught him that a man could make productive use of his demons Jefferson's immersion in the mystic truths of the Old World gave him insights into mysteries of life and art that Enlightenment philosophy had failed to supply Beran skillfully shows how Jefferson drew on the esoteric lore he encountered to transform anxiety into action On his return to America Jefferson entered the most productive period of his life He created a new political party was elected president and doubled the size of the country His private labors were no less momentous among them the artistry of Monticello and the University of Virginia *Jefferson's Demons* is an elegantly composed account of the strangeness and originality of one Founder's genius Michael Knox Beran uncovers the maps Jefferson used to find his way out of dejection and to forge a new democratic culture for America Here is a Jefferson who with all his failings remains one of his country's greatest teachers and prophets
