The College Buzz Book Carolyn C. Wise, Stephanie Hauser, 2007-03-26 Many guides claim to offer an insider view of top undergraduate programs but no publisher understands insider information like Vault and none of these guides provides the rich detail that Vault's new guide does. Vault publishes the entire surveys of current students and alumni at more than 300 top undergraduate institutions. Each 2 to 3 page entry is composed almost entirely of insider comments from students and alumni. Through these narratives, Vault provides applicants with detailed balanced perspectives. **1968 Annual**

Hasegawa, 2018-09-17 This book offers a timely and multifaceted reanalysis of student radicalism in postwar Japan. It considers how students actively engaged the early postwar debates over subjectivity and how the emergence of a new generation of students in the mid 1950s influenced the nation's embrace of the idea that the postwar had ended. Attentive to the shifting spatial and temporal boundaries of postwar Japan, it elucidates previously neglected histories of student and zainichi Korean activism and their interactions with the Japanese Communist Party. This book is a key read for scholars in the field of Japanese history, social movements, and postcolonial studies, as well as the history of student radicalism. **The**
