BEN JONSON **VOLPONE**

EDITED BY ROBERT N. WATSON

Volpone English Edition

Sidia Fiorato, John Drakakis

Volpone English Edition:

Volpone Ben Jonson, 1999-04-15 This Revels Student Edition with a carefully modernized text presents new material about Volpone's debt to the popular Reynard beast epic and Italian commedia dell'arte and discusses its mockery of greed in relation to two Renaissance perversions of the myth of a Golden Age. Referring to famous productions it pays particular attention to decisions that must be made whenever the play is performed. **Volpone, or, The Fox** Ben Jonson, 2022-01-29 Volpone Italian for sly fox is a comedy play by English playwright Ben Jonson first produced in 1605/1606 drawing on elements of city comedy and beast fable. A merciless satire of greed and lust it remains Jonson's most performed play and it is ranked among the finest Jacobean era comedies. Volpone Matthew Steggle, 2011-03-24 *Volpone* Ben Jonson, 2019-06-13 The sharpest funniest comedy about money and morals in the 17th century is still the sharpest and funniest about those things in the 21st. The full play text is accompanied by incisive commentary notes which communicate the devastating comic energy of Volpone's satire. The introduction provides a firm grounding in the play's social and literary contexts; demonstrates how careful close reading can expand your enjoyment of the comedy; shows the relevance of Jonson's critique to our modern economic systems and provides a clear picture of how the main relationships in the play function on the page and stage. Supplemented by a plot summary and annotated bibliography it is ideal for students of Jonson city comedy and early modern drama. *The New Cambridge Bibliography of English Literature* George Watson, Ian Roy Willison, 1974 *Volpone; Or, The Fox By Ben Jonson Illustrated Edition* Ben Jonson, 2020-09-23 Volpone is a comedy play by English playwright Ben Jonson first produced in 1605/1606 drawing on elements of city comedy and beast fable. A merciless satire of greed and lust it remains Jonson's most performed play and it is ranked among the finest Jacobean era comedies. Volpone The Fox is a Venetian gentleman who pretends to be on his deathbed after a protracted illness if you want to dupe Voltore The Vulture Corbaccio The Raven and Corvino The Crow three men who aspire to inherit his fortune. In their turns every guy arrives to Volpone's house bearing a luxurious present; cause upon having his name inscribed to the need of Volpone as his inheritor. Mosca The Fly Volpone's parasite servant encourages each guy Voltore Corbaccio and Corvino to accept as true with that he has been named heir to Volpone's fortune; inside the route of which Mosca persuades Corbaccio to disinherit his own son in favour of Volpone. To Volpone Mosca mentions that Corvino has a beautiful wife Celia. Disguised as Scoto the Mountebank Volpone is going to see Celia. Corvino drives away Scoto. Volpone who then will become insistent that he need to own Celia as his very own. Mosca deceives Corvino into believing that the moribund Volpone may be cured of his infection if he lies in mattress beside a younger female. Believing that Volpone has been rendered impotent with the aid of his infection Corvino gives his wife simply so when he's revived Volpone will realize Corvino as his sole heir. *'Volpone' in Context* Keith Linley, 2016-11-21 Everything you need to know about the cultural contexts of Volpone. The unremitting exposure of human vileness is black and bleak redeemed perhaps by the eventual punishment of the wrongdoers in an

outcome achieved more by luck than justice This book provides detailed in depth discussion of the various influences that a Jacobean audience would have brought to interpreting the play How did people think about the world about God about sin about kings about civilized conduct about the predatory impulses that drive men to prey upon each other Historical literary political sociological backgrounds are explained within the biblical moral matrices by which the play would have been judged This book links real life in the late 1600s to the world on the stage Discover the orthodox beliefs people held about religion Meet the Devil the Seven Deadly Sins and human depravity Learn about the social hierarchy gender relationships court corruption class tensions the literary profile of the time attitudes to comedy and all the subversions transgressions and oppositions that made the play a topical satire but also an unsettling picture of a world so close to disaster **British**

Scott, 2009-02-19 This study considers how Jonson threaded his political views into the various literary genres in which he wrote Renowned scholars offer perspectives on many of Jonson s major works and together they reassess his political life in Jacobean and Caroline Britain **Materials for the Study of the Old English Drama** ,1963 **Ben Jonson** Ian

Donaldson, 2012-02-20 Ben Jonson was the greatest of Shakespeare s contemporaries In the century following his death he was seen by many as the finest of all English writers living or dead His fame rested not only on the numerous plays he had written for the theatre but on his achievements over three decades as principal masque writer to the early Stuart court where he had worked in creative and often stormy collaboration with Inigo Jones One of the most accomplished poets of the age he had become in fact if not in title the first Poet Laureate in England Jonson s life was full of drama Serving in the Low Countries as a young man he overcame a Spanish adversary in single combat in full view of both the armies His early satirical play The Isle of Dogs landed him in prison and brought all theatrical activity in London to a temporary and very nearly to a permanent standstill He was almost at the gallows for killing a fellow actor after a quarrel and converted to Catholicism while awaiting execution He supped with the Gunpowder conspirators on the eve of their planned coup at Westminster After satirizing the Scots in Eastward Ho he was imprisoned again and throughout his career was repeatedly interrogated about plays and poems thought to contain seditious or slanderous material In his middle years twenty stone in weight he walked to Scotland and back seemingly partly to fulfil a wager and partly to see the land of his forebears He travelled in Europe as tutor to the mischievous son of Sir Walter Raleigh who caused him to be drunken and dead drunk and wheeled provocatively through the streets of Paris During his later years he presided over a sociable club in the Apollo Room in Fleet Street mixed with the most learned scholars of his day and viewed with keen interest the political religious and scientific controversies of the day Ian Donaldson s new biography draws on freshly discovered writings by and about Ben Jonson and locates his work within the social and intellectual contexts of his time Jonson emerges from this study as a more complex and volatile character than his own self declarations and much modern scholarship would allow and as a writer

whose work strikingly foresees and at times pre emptively satirizes the modern age *Ben Jonson, His Volpone, Or, The Foxe* Ben Jonson, Aubrey Beardsley, 1898 Performing the Renaissance Body Sidia Fiorato, John Drakakis, 2016-03-21 In the Renaissance period the body emerges as the repository of social and cultural forces and a privileged metaphor for political practices and legal codification Due to its ambivalent expressive force it represents the seat and the means for the performance of normative identity and at the same time of alterity The essays of the collection address the manifold articulations of this topic demonstrating how the inscription of the body within the discursive spheres of gender identity sexuality law and politics align its materiality with discourses whose effects are themselves material The aesthetic and performative dimension of law inform the debates on the juridical constitution of authority as well as its reflection on the formation and the moulding of individual subjectivity Moreover the inherently theatrical elements of the law find an analogy in the popular theatre where juridical practices are represented challenged occasionally subverted or created The works analyzed in the volume in their ample spectre of topics and contexts aim at demonstrating how in the Renaissance period the body was the privileged focus of the social legal and cultural imagination Alchemist and Other Plays Ben Jonson, 1998 This edition brings together Jonson s four great comedies Volpone Epicene The Alchemist and Bartholomew Fair The texts of these plays have all been newly edited for this volume and are presented with modernized spelling Stage directions have been added to help actors and directors reconstruct the play the way it would have been performed in the seventeenth century and the introduction notes and glossary further bring to life these timeless comedies for the modern reader

Department of Printed Books, 1889 **Pietro Aretino: Subverting the System in Renaissance Italy** Raymond B. Waddington, 2024-10-28 The essays gathered together in this volume follow the career of the sixteenth century courtier poet Pietro Aretino Part One introduces the author during the 1520s in Rome with his remarkable first comedy La Cortigiana With Aretino s move to Venice 1527 he found a congenial life long home in which he could flourish Yet the transition from courtier poet to poligrafo vernacular writer for the popular press was slow and difficult before he adopted a new career model derived from Erasmus even then he contemplated abandoning Italy for the Ottoman Empire Part Two examines his work as a satirist in the mid thirties with the Ragionamenti the dialogues that branded him a pornographer when the satiric targets lost their immediacy He augmented the satiric writings by creating the visual persona of a satirist in various media woodcut author portraits in books engravings and particularly portrait medals The complementary verbal visual relationship is the subject of this pairing Aretino s religious writings have not been taken seriously until quite recently The two essays presented here trace Aretino s associations with Erasmians spirituali heretics and apostates arguing that his own convictions were sincere

suggesting that he became a Nicodemite during the gathering Counter Reformation repression of the 1540s The concluding essays consider two examples of Aretino s continuing influence in different media visual arts and literature on the brilliant eccentric artist Giuseppe Arcimboldo and on a great English comedy Ben Jonson s Volpone

Shakespeare, Politics, and Italy Michael J. Redmond,2016-04-01 The use of Italian culture in the Jacobean theatre was never an isolated gesture In considering the ideological repercussions of references to Italy in prominent works by Shakespeare and his contemporaries Michael J Redmond argues that early modern intertextuality was a dynamic process of allusion quotation and revision Beyond any individual narrative source Redmond foregrounds the fundamental role of Italian textual precedents in the staging of domestic anxieties about state crisis nationalism and court intrigue By focusing on the self conscious overt rehearsal of existing texts and genres the book offers a new approach to the intertextual strategies of early modern English political drama The pervasive circulation of Cinquecento political theorists like Machiavelli Castiglione and Guicciardini combined with recurrent English representations of Italy to ensure that the negotiation with previous writing formed an integral part of the dramatic agendas of period plays
