Some Questions and Answers about Police Officer Selection Testing John E. Furcon, 1972 This report presents major results and practical implications of two projects aimed at the identification and validation of more effective written tests for police officer selection The projects conducted in 1966 68 and 1969 71 worked with a diversified group of tests in a battery consisting of tests of motivation work interests visual perception interpersonal aptitudes temperament and pressure tolerance thus assessing the importance of a wide range of qualifications in police officer selection The predictive power of the tests was established by comparing the test scores of experienced police officers

with their performance on eight different measures of job success This comparison indicated relationships between performance on written tests and on the street effectiveness The projects also explored procedures of making testing programs more equitable to minority group members while attempting to upgrade selection standards Contents of the report are organized in a question answer format and include sample questions and sales sources for the various tests *Police Science: Breakthroughs in Research and Practice* Management Association, Information Resources,2019-01-04 Violent behavior is an unavoidable aspect of human nature and as such it has become deeply integrated into modern society In order to protect and defend citizens the foundational concepts of fairness and equality must be adhered to within any criminal justice system As such examining police science through a critical and academic perspective can lead to a better understanding of its foundations and implications Police Science Breakthroughs in Research and Practice is an authoritative reference source for the latest scholarly material on social problems involving victimization of minorities and police accountability It also emphasizes key elements of police psychology as it relates to current issues and challenges in law enforcement and police agencies Highlighting a range of pertinent topics such as police psychology social climate and police departments and media coverage this publication is an ideal reference source for law enforcement officers criminologists sociologists policymakers academicians researchers and students seeking current research on various aspects of police science **Reframing Police Education and Freedom in America** Martin Alan Greenberg,Beth Allen

Easterling,2023-09-15 This book untangles the components of police education and advocates a robust community based training model with significant civilian oversight The recommended approach recognizes that the citizenry needs to be included in the provision of basic police education for it is they who must both support and be served by their police The police must be role models for society demonstrating that freedom and rights come with obligations both to the community as a whole and to individuals in need within that community Ultimately the quality of police training and the public s safety depend not only on the leadership of police executives as well as the quality of educational institutions and police candidates but also on the building of a community s trust in its police The issues of police recruitment education and retention have greater consequence in an era when protests and other signs of negativity surround law enforcement Several incidents including most notably George Floyd s murder by police have sparked new training initiatives regarding police de escalation and community engagement At the same time the proliferation of gun violence and a contentious political climate have led some officers to refrain from undertaking proactive types of policing In this context reform of the police education system is urgent This book examines police training at all levels of government local regional state and federal In addition citizen participation programs including the role of the media and programs for furthering law related education LRE are highlighted The proposed police education model recognizes that ordinary members of the American public need to contribute to the provision of basic police education for it is they who must both support and be served by their police The

focus is on teaching a guardian style of policing at the local level Police education would combine higher education necessary practical proficiencies and intensive field experiences through a gradual level of greater responsibility likely extending over a 2 plus year period for trainees with less than a year of previous college credits This book will be of interest to a wide range of audiences such as law enforcement professionals and trainers including those in executive development programs in police departments community leaders scholars and policy experts who specialize in policing concerned citizens and students of criminal justice especially those interested in police organization and management criminal justice policy and the historical development of police
