Polycom® Touch Control

Telepresence at your fingertips

The intuitive solution for accelerating Unified Communications (UC) and system optimization throughout your organization. The Polycom® Touch Control provides instant solutions to highly complex touch-screen issues that would take hours to solve. It takes mere moments, not hours, to complete a task or to troubleshoot. By simplifying user experience, collaboration and allowing participants to focus on their meeting, the Polycom® Touch Control solution goes beyond other touch and navigation technologies and adds controls that make your organization more productive and efficient.

Conference with confidence

The Polycom® Touch Control interface is ideal for enterprise, virtual and institutional multi-user environments, and any other group working together and using software applications. Featuring a high-resolution display that provides a tactile response and easy navigation, the Polycom® Touch Control solution gives users the control of aspects of their technology adjusted for meeting/working collaboration, allowing users to view content.

Meet and easily connect to the meeting using a secure phone line, or virtual desktop and collaboration. For quick access to your information, the Polycom® Touch Control communicates with the Polycom® HDX and RealPresence® Group Series (with enterprise edition) software, which can be integrated with Microsoft® Exchange® software or other calendar applications.

The Polycom® Touch Control offers multiple options for a single user, enabling users to view up to 10 (or more) meeting and content data connected to the Touch Control via Polycom® (connect via the video feed) or third content already from other non-Polycom connected the Touch Control.

Easy to use and deploy
