Risman,2018 Are today s young adults gender rebels or returning to tradition In *Where the Millennials Will Take Us* Barbara J Risman reveals the diverse strategies youth use to negotiate the ongoing gender revolution Using her theory of gender as a social structure Risman analyzes life history interviews with a diverse set of Millennials to probe how they understand gender and how they might change it Some are true believers that men and women are essentially different and should be so Others are innovators defying stereotypes and rejecting sexist ideologies and organizational practices Perhaps new to this generation are gender rebels who reject sex categories often refusing to present their bodies within them and sometimes claiming genderqueer identities And finally many youths today are simply confused by all the changes swirling around them As a new generation contends with unsettled gender norms and expectations Risman reminds us that gender is much more than an identity it also shapes expectations in everyday life and structures the organization of workplaces politics and ideology To pursue change only in individual lives Risman argues risks the opportunity to eradicate both gender inequality and gender as a primary category that organizes social life *Voices of the Victims* Hannes H. Siegel,2023-01-17 This book is an exploration of the idea that interludes or disruptions to our usual rhythms rituals and routines offer individuals and institutions alike an incomparable opportunity to examine the governing assumptions that undergird academic work and to experiment with alternative modes and models of intellectual life Using

the COVID 19 pandemic as the prime example of an externally imposed interlude on a mass scale the book argues that the compulsion of most colleges and universities to return to business as usual reveals that the business of the academic enterprise is only tangentially about learning ideas or the life of the mind It is mostly about keeping the institutional machinery running at all costs typically at the behest of state and market forces Meanwhile interludes of any size or duration from massively disruptive global pandemics to brief elective personal retreats offer occasions for interrogating our entrenched policies and practices and are simultaneously spaces for the pursuit of learning and idea play both within and beyond institutions Exceptional Child Education Resources ,2002 **The Scottish Educational Journal** ,1936
