When to Hire or Not Hire a Consultant Linda M. Orr,Dave J. Orr,2014-03-01 When to Hire or Not Hire a Consultant Getting Your Money s Worth from Consulting Relationships is a hands on practical guide for anyone thinking about hiring a consultant to set strategy solve problems increase profits or revenue develop new products open new markets or improve efficiency Consulting is one of the fastest growing professions in the United States According to the U S government there were 719 000 consultants in the U S in 2010 and you can expect an additional 274 000 by 2020 Cloaked in expert status consultants might seem to be the answer to many business problems You call someone in to solve a particular problem or develop new markets then send them away once the job is done while reaping the benefits of their expertise Consultants sometimes do work miracles but once in a while they wreck a healthy business And far too often the benefits gained by calling in consultants disappear far too soon after they leave Yet as return on investment ROI and accountability for results become bigger and bigger issues business professionals in search of answers to performance or strategy challenges are turning more and more to outside guidance for help Indeed few businesses do not use some kind of consultant at some point in their existence But how can you leverage the skills consultants can bring to the table without adding undue risk to your operations How can you effectively manage the consultant relationship to get the greatest benefit for the least cost What metrics can support your decision to hire or not hire a consultant When should you use home grown talent to solve problems instead That s what this book is all about While there are a multitude of books on how to be a consultant this is the first to help an executive determine when to hire one You will learn strategies to decide when a consultant is needed and how to support that decision with hard evidence how to selectthe right consultant how to set clear expectations and how to know when a consultant is either a valuable resource or a hindrance to the company s success The authors of this book bring together two opposing perspectives Linda Orr has served as a consultant in many companies and situations while Dave Orr has hired consultants many times Together they can help you make the most strategically and financially sound business decisions This books shows you how to Work through ROI and other issues to support a decision to hire a consultant Maximize the benefits consultants can provide Explore options other than hiring a consultant **Strategic Management** Jeffrey H. Dyer,Paul C. Godfrey,Robert J. Jensen,David J. Bryce,2023 Strategic Management delivers an insightful clear concise introduction to strategy management concepts and links these concepts to the skills and knowledge students need to be successful in the professional world Written in an accessible Harvard Business Review style with lots of practical examples and strategy tools the book engages students with an easy to understand learning experience to strategic management concepts This International Adaptation sparks ideas fuels creative thinking and discussion while engaging students via contemporary examples outstanding author produced cases and much more Every chapter now includes new questions to help readers test their understanding of the subject There are also new Mini Cases and Strategy in Practice

vignettes that are contemporary and more relevant to the global scenario

Health Care Market Strategy Steven G. Hillestad, Eric N. Berkowitz, 2018-11-30 Health Care Market Strategy From Planning to Action Fifth Edition a standard reference for nearly 20 years bridges the gap between marketing theory and implementation by showing you step by step how to develop and execute successful marketing strategies using appropriate tactics Put the concepts you learned in introductory marketing courses into action using the authors own unique model called the strategy action match from which you will learn how to determine exactly which tactics to employ in a variety of settings

From Walmart to Al Qaeda David Murillo, 2017-09-08 From Walmart to Al Qaeda explains the fuzzy complex and seemingly incomprehensible concept of globalization What is globalization What are the core topics theories and competing ideologies Are we walking towards homogenization or towards a global collision of cultures and identities The potential risks and challenges for the global economy corporations and political regimes are acknowledged by most but not fully understood This book provides a refreshing new look at how society is being shaped by globalization and how these apparent destructive patterns can be both explained and potentially remedied Globalization is both a concept and a cliché It is a term that is used to explain an economic system or the state of the world David Murillo sets out the questions and identifies the interrelationships of different disciplines to both understand the issues and also find solutions The book discusses globalization and current attempts to conceptualize and measure it There are theoretical and ideological debates on whether globalization is inevitable and the various alternatives for interpreting how the world works Accompanying Teaching Notes are available on request with the purchase of this book
