It's Not The Freaking Wheat America! Chelsea Manning,2015-05-20 In America at present 69% of everyone over the age of 20 is overweight to some degree Worse more than half of us are clinically obese In fact there are more clinically obese and overweight people in the United States than there are overall people in Mexico and Canada This being the case books and diet regimens regularly hit the headlines which in recent years especially have bent over backwards to try and inform us that our weight is all wheat s fault Complex carbs not eating like cave people like apparently we all should be you name it the weight loss industry s blamed it However the problem at hand isn t America s consumption of breads and cereals Neither in fact is America s couch potato culture entirely to blame for the ever broadening of two hundred and fifteen million of our respective waist lines In fact all blaming things like wheat for America s health and diet woes does is blinker us from what is really wrong with many of our diets and lifestyles It s Not The Freaking Wheat America Will therefore attempt to clarify exactly why we have got as big and unhealthy as we have recently before educating you in no uncertain terms what you can do to start looking and feeling legitimately better about yourself That said I m no nutritionist or dietary expert I have however been on something of a personal dietary adventure over the past six years and in the first three of those years I learned enough about basic diet and nutrition to loose the extra hundred pounds which I personally had been collecting since college Real weight loss however isn t possible in just one weekend Don t therefore purchase this book if you re looking for a quick fix to help you reel in your waistline The simple truth is that the only way there really is rip shred or burn 2000 calories in just one weekend is by you taking a blow torch to your favorite brand of frozen pizza Moreover I for one am sick of all the gimmicks and well publicized false promises I ve been the person who has felt like the biggest person in the room I wasn t ever obese and I ll never be skinny but I ve been abjectly lonely and depressed because of my weight What I want to do then is tell people not just how they can really start loosing weight but ultimately how they can be happier too Real sustainable weight loss only starts to happen though when we also start to educate ourselves in regard to what is really in a lot of the food that we eat every day It s Not The Freaking Wheat America isn t therefore just another diet book first and foremost it s a basic education tool one which I hope will help whoever reads it start building a better dietary and ultimately happier and more fulfilling life for themselves

Senior Pleasures Tony Jenkins, 2022-11-30 Overnight Tom Hartley became a grieving widower after years of happy marriage and rebuilt his life by making new friends and taking up new interests. He moved house and set up a gardening club which also helped elderly residents and arranged walks and other social activities. After a number of close friendships with lonely ladies, he fell in love with neighbour Helen who had been working with him on the gardening club. Concerned about Tom's over friendly nature, Helen insisted on a one year engagement and that they should continue to live in separate homes for Tom to prove that he could resist temptation. All went well until a glamorous widow moved in next door and began making advances. An unexpected event brought about a change in plans and Tom and Helen had to sell their homes and move to a rundown property requiring months of hard work and expense to restore. Despite their problems, the couple have fun together and their love blossoms.
