My grandmother said Popular medical recipes Abdalla ALghoul, Praise be to Allah who created for every disease a medicine and this is from His mercy on the servants and put medicine in everything that comes out of the earth from plants seeds spices or spices and made healing from every disease his knowledge from his knowledge and his ignorance from his ignorance Peace and blessings be upon the master of the first two and the last the Seal of the Prophets and Messengers our master Muhammad peace and blessings of Allaah be upon him where the Messenger of Allaah peace and blessings of Allaah be upon him said Allaah has not sent down a disease but He has sent him a cure 1 The Messenger of Allah peace and blessings of Allaah be upon him said Allah did not inflict a disease on him except that He had brought him healing which he knew from his knowledge and his ignorance from his ignorance 2 The Messenger of Allah peace and blessings of Allaah be upon him said Heal yourselves for Allah did not put a disease except to put a medicine for it other than one disease 3 In this book we have baptized old natural recipes that our ancestors have traded and worked with which are available and cheap hoping that they will be a medicine for every patient and what are the most diseases in our time We have followed in presenting the contents of this book We start by mentioning the name of the herb plant seed or oil and then mention its chemical composition main chemical contents with its healing properties Then we

mention about twenty popular municipal prescriptions that are easy to take and close to reach so that the reader is useful Then we started to mention common diseases arranged from head to toe Where we dealt with the disease and its symptoms so that the person can know his disease and find out its truth Then we presented the causes of the disease so that the person avoids the causes and avoids the evil of the disease Then we presented the method of herbal or herbal treatment that helps to increase the body s immunity in order to fight the disease there are diseases that must have traditional treatment and the role of herbs here is a complementary role working to increase the effectiveness of those medicines and medical drugs And I found that the book would be large so I had to split the book into two parts and this was the first part Finally we ask Allah Almighty for us and for you health and wellness And that this book be a reason for healing the sick and a means to reveal treasures deposited by God Almighty in these plants whether vegetables fruits seeds or oils The Messenger of Allah peace and blessings of Allaah be upon him said The call of a Muslim to his brother in the back of the unseen is answered at the head of a king entrusted whenever he calls for his brother to be well the king entrusted with him says Amen and you have a parable 1 Narrated by Muslim and Bukhari 2 Narrated by Ahmad 3 Narrated by Abu Dawood
