Homemade Healthy Food and Treats for Dogs Corinna Forbes,2021-07-26 The health and well being of my dogs is what inspired me to create this cookbook I wanted my dogs to have the proper nutrition in their food and treats Also another reason I created this book is because at the time several dog food brands were being recalled and I was worried my dogs health was at risk if they were ingesting harmful ingredients In my research I found that dogs could actually eat a lot of the same foods people can eat So it seemed the next step would be to create recipes with a variety of ingredients for my dogs

that they would enjoy My first step was to research approved ingredients for dogs Then as research expanded on other food types more variety of flavors seemed possible I was surprised at all the fruits and vegetables dogs can have My dogs and my friends and coworkers dogs were my taste testers So far no complaints For the most part the ingredients are inexpensive and if you grow them yourself it s even easier on the wallet The protein could be the ingredient that costs the most My dogs are so happy at lunchtime they cannot stand still while we are dishing out their food Our Bernese mountain dog jumps up to put her paws on the counter and drools while barking and my little one dances around on the floor In my research I found that homemade food could extend a dog s life by two years This book took approximately a year plus in the making and I hope that other people and dogs enjoy the recipes as much I enjoyed creating them DNA Demystified Alan McHughen,2020 Consumers are inundated with fascinating alarming and or exciting information about DNA in the news and on social media But few have enough background information on DNA and genetics to fully appreciate or critique the issues presented DNA Demystified provides the technical foundation for non experts to go beyond the story and enable a more complete understanding of the issues covered *7 Easy to prepare dog menu recipes* Junisia Hey,2013-12 I was inspired by healthy eating and went searching for fruits and vegetables good for the health of our dogs Eve and Lex Which Vegetables and fruits are good and which ones are not good for our dogs Eve used to have problem with her stomach this pushed me to start changing the dog treats to see which one was the right one for her Some did great for a week and then the stomach problem start taking over again And so i decided to prepare my own dog food I would mix dog treats with the food and after that Eve could eat without any stomach problems This book is made to help you in a short time to prepare great food for your dog in an easy and healthy way The dog recipes are tasty for the dogs So that s why this book is about easy steps to prepare food for your dog with a healthy touch In this book in the Nutrition facts you will find the fruits and vegetables good for your dog Carrying vitamins and minerals and more all the fruits and vegetables in our book are used in the recipes If it is the first time you giving vegetables to your dog it is better for you to dice them in small pieces and steam them of boil them with meat and mix them in their food You can be creative as well So feel free and enjoy preparing a great food for your dog The Ultimate Pet Food Guide Liz Palika,2009-04-29 The 2007 pet food recalls followed a multitude of pets getting sick and dying from contaminated food now pet owners must take charge of what they feed their dogs and cats With The Ultimate Pet Food Guide veteran dog trainer behaviorist and author Liz Palika focuses on nutritional needs and covers every type of feeding including controversial raw diets homemade cooked food and commercial foods Palika also addresses introducing new foods what human foods pets shouldn t eat free feeding responsibility for food safety where ingredients come from and red flags in ingredients Included are over fifty veterinarian and pet nutritionist approved recipes and diets tailored to special needs pets such as puppies kittens and pregnant older overweight and or more sedentary animals
