**Extreme Brewing** Sam Calagione, 2011-02-09  
 Extreme Brewing is a recipe-driven resource for aspiring home brewers who are interested in recreating these specialty beers at home but don't have the time to learn the in-depth science and lore behind home brewing. As such, all recipes are malt syrup-based, the simplest brewing method with variations for partial grain brewing. While recipes are included for classic beer styles, ales, and lagers, Extreme Brewing has a unique emphasis on hybrid styles that use fruit, vegetables, herbs, and spices to create unique flavor combinations. Once their brew is complete, readers can turn to section three, The Rewards of Your Labor, to receive guidance on presentation, including corking, bottle selection, and labeling, as well as detailed information on food pairings, including recipes for beer-infused dishes and fun ideas for themed dinners that allow the reader to share their creations with family and friends.

**Culinary Landmarks** Elizabeth Driver, 2008-04-05  
 Culinary Landmarks is a definitive history and bibliography of Canadian cookbooks from the beginning when *La cuisinière bourgeoise* was published in Quebec City in 1825 to the mid-twentieth century. Over the course of more than ten years, Elizabeth Driver researched every cookbook published within the borders of present-day Canada, whether a locally authored text or a Canadian edition of a foreign work. Every type of recipe collection is included, from trade publishers' bestsellers and advertising cookbooks to home economics textbooks and fund raisers from church women's groups. The entries for over 2,200 individual titles are arranged chronologically by their province or territory of publication, revealing cooking and dining customs in each part of the country over 125 years. Full bibliographical descriptions of first and subsequent editions are augmented by author biographies and corporate histories of the food producers and kitchen equipment manufacturers who often published the books. Driver's excellent general introduction sets out the evolution of the cookbook genre in Canada, while brief introductions for each province identify regional differences in developments and trends. Four indexes and a Chronology of Canadian Cookbook History provide other points of access to the wealth of material in this impressive reference book.

**Feasting and Fasting** Dorothy Duncan, 2010-10-25  
 Feasting and Fasting is an introduction to the foods and beverages that were a central part of how our ancestors celebrated important events. This is a sampling of their events and what was on their tables at births, weddings, funerals, religious holidays, garden parties, and more.
