Rebelle Belle Tome:

Wallace's Monthly John Hankins Wallace,1876 **Wallace's Monthly** ,1876 The Rebel Within Lance Erlick,2013-03-25 In a world without men a rebellious adopted girl must choose between becoming a security cog in the elite military unit that took her parents or being torn from her beloved sister and adoptive mom Page 4 of cover **Rebel of Rome** Gaurav Garg,2025-07-28 They took his home his family and his name The might of the Roman Empire crushed his world during the brutal Bar Kokhba Revolt and the Syrian boy once known as Ezra was sold as property In the hellish confines of the gladiator school he is stripped of his past and reforged in a crucible of pain and disciplined violence They name him Flamma The Flame for the cold burning hatred in his eyes a hatred they intend to profit from He does not disappoint In the blood soaked sand of the arena Flamma becomes a legend His skill is unmatched his will unbreakable He is the Primus Palus the champion a living god to the roaring crowds Victory after victory brings him to the pinnacle of his brutal profession where the ultimate prize awaits the rudis the symbol of freedom Yet in a moment that stuns an empire he makes his choice He refuses the gift Not once but again and again Flamma s shocking defiance transforms him from a celebrated champion into a dangerous political pawn and a philosophical puzzle Why would a slave choose chains As his fame grows so do his enemies A humiliated magistrate a ruined owner and a stable of jealous rivals all conspire to see him fall Each fight is now a test not just of his skill but of his will to survive in a world that is determined to break him His only anchor in the storm is Delicatus the Thracian warrior who is his comrade in arms his brother and the sole keeper of his secrets Rebel of Rome is an epic historical thriller of relentless action deep psychological suspense and profound emotional resonance It is the story of a man who having lost everything discovers that true power lies not in winning freedom but in defining its meaning for himself In a world of masters and slaves he will fight for the one thing they can never own the honor of his own story **The Rebel of the Family** Eliza Lynn Linton,2002-04-17 The Rebel of the Family 1880 is the first New Woman novel by Eliza Lynn Linton Perdita Winstanley the novel s protagonist struggles to balance the competing demands of her snobbish conservative mother and sisters her radical friends in the women s rights movement and an admirable but low born chemist and his family The Rebel of the Family also includes what is perhaps the first literary portrait of the late Victorian lesbian community in London featuring Bell Blount and her little wife Connie This Broadview edition includes a critical introduction and appendices that help to set the work in its historical and literary contexts **From Rome to Mentana** Emma Maria Pearson,1868 *Rebel Skies* Ann Sei Lin,2024-09-03 Ann Sei Lin s enchanting and action packed YA debut first in a series and now available in paperback will sweep readers away to an aerial world of magic danger and political intrigue Perfect for fans of Elizabeth Lim Kalynn Bayron and the films of Studio Ghibli Kurara has never known any other life than being a servant onboard the Midori a flying ship serving the military elite of the Mikoshiman Empire a vast realm of floating cities Kurara also has a secret she can make folded paper figures come to life with a flick of her finger But when the Midori is

attacked and Kurara's secret turns out to be a power treasured across the empire a gut wrenching escape leads her to the gruff Himura who takes her under his wing Under Himura's tutelage and with the grudging support and friendship of his crew Kurara learns to hunt shikigami wild paper spirits sought after by the Princess of Mikoshima But what does the princess really want with the shikigami Are they merely enchanted figures without will or thought or are they beings with souls and minds of their own As fractures begin to appear both across the empire and within Kurara's understanding of herself Kurara will have to decide who she can trust Her fate and the fate of her friends and even the world may rest on her choice And time is running out

Bell's Edition John Bell, 1782 , **Rebel Barons** Luke Sunderland, 2017 Ambivalence towards kings and other sovereign powers is deep seated in medieval culture sovereigns might provide justice but were always potential tyrants who usurped power and stole through taxation Rebel Barons writes the history of this ambivalence which was especially acute in England France and Italy in the twelfth to fifteenth centuries when the modern ideology of sovereignty arguing for monopolies on justice and the legitimate use of violence was developed Sovereign powers asserted themselves militarily and economically provoking complex phenomena of resistance by aristocrats This volume argues that the chansons de geste the key genre for disseminating models of violent noble opposition to sovereigns offer a powerful way of understanding acts of resistance Traditionally seen as France's epic literary monuments the Chanson de Roland is often presented as foundational of French literature chansons de geste in fact come from areas antagonistic to France such as Burgundy England Flanders Occitania and Italy where they were reworked repeatedly from the twelfth century to the fifteenth and recast into prose and chronicle forms Rebel baron narratives were the principal vehicle for aristocratic concerns about tyranny for models of violent opposition to sovereigns and for fantasies of escape from the Carolingian world via crusade and Oriental adventures Rebel Barons reads this corpus across its full range of historical and geographical relevance and through changes in form as well as placing it in dialogue with medieval political theory to bring out the contributions of literary texts to political debates Revealing the widespread and long lived importance of these anti royalist works supporting regional aristocratic rights to feud and revolt Rebel Barons reshapes our knowledge of reactions to changing political realities at a crux period in European history
