Benjamin,2017-01-09 As our six children moved out I would often receive a phone call asking Mom how did you make this What was the secret ingredient As a child I would watch my Mother cook and preserve fruit can and freeze vegetables bake and have family get together s to make Perogys I enjoyed cooking when I first took it in Junior High School and started to collect recipes I did a lot of family history and over the years I also was given many recipes from the family members plus saved many from other resources My Stepfather taught me the cooking of wild game to make it tender When I got married we had our own garden plus raised cattle chickens turkeys pigs rabbits and even tried ostriches We did our own butchering and I learned from my husband s boss how to do make headcheese from the pigs I made cottage cheese and butter from our milk cow I made sourdough from scratch also From our garden we froze a lot of the crop for the winter The fruit we grew got

made into jams and jellies as well as the wild fruit that we picked. Often we would go picking berries as a family outing or while Roy and I were haying the children would pick wild berries near the fields. We would have a treat of fruit at the end of the day and the excess got made into preserves or into juice. My one challenge was making bread even with a bread machine. It never turned out. Roy took over that challenge and got a recipe figured out that even now I cannot fail making bread. The Grandchildren loved helping him make buns. When Roy passed away I tried the recipe and when the Grandchildren tried the bread their remark was "It tastes just like Grandpa's bread." My recipes were in several boxes and I knew where the ones were that I used the most. When I started entering my collection into a computer Roy suggested I should make a cookbook because I had a collection of over a century of recipes I have done that now and the collection has recipes from early 1900s with the old way of the size of the ingredients like amount of butter the size of an egg up to modern amounts. I also have enclosed tips that were given to me over the years plus a few old poems that have a special meaning to me. New Blue Ridge Cookbook

Elizabeth Wiegand, 2010-04-23

America's legendary Blue Ridge Mountain region is known for its rich history and culture and not least its traditional cuisine. But much of what's cooking there is new including a thriving Farm to Table movement and increasingly established Slow Food communities. Such movements philosophies caring about where food comes from how it is grown and how it is prepared have transformed the culinary scene for newcomers and old timers alike. The region is thus ripe for The New Blue Ridge Cookbook which takes a fresh look at local seasonal foods and honors efforts of sustainability as well as the area's rich culinary history. With some 100 recipes showcasing such traditional foods as apples candy roasters and ramps the book presents new approaches by chefs farmers and others in the know while also sharing amusing anecdotes and culinary traditions as well as information about the region's artisanal food products and local beers and wines.
