catering company which I operated for more than ten years During this time I have had the pleasure of working with so many amazing clients I ve also had countless opportunities to teach how to make sushi and I noticed there was a gap between people who wanted to make sushi but didn t know how to even start scared to even That is the reason why I decided to write this book to share my knowledge and teach the proper fundamentals to those who are curious about making sushi Because as intimidating as it may be making sushi is actually quite easy to do at home To those who didn t know where to start well you chose the right book and I m excited for you This is the start line I have compiled years of my experience and simplified it into this one single book so that it can be a gateway to your sushi journey Whether your goal is to make your favorite sushi at home impress your family and friends with your own sushi creations or practice to become a professional sushi chef this book will help you accomplish those goals You ll find many of my personal recipes in this book however this is not just a recipe book More so it is a skills development book that skill being the art of sushi Sushi is a unique and amazing cuisine where once you have the basics down you can let your imagination take over Take a sushi roll for example I can share hundreds of recipes on all different types of rolls and make this book four hundred plus pages but the fundamental techniques for each are very similar Sure there s slight differences which I do teach but most of it just takes repetition and practice My goal is to teach you the fundamentals of making sushi which will allow you to confidently take that skill and dive into the art of sushi on your own The beauty of sushi especially making it at home is in the endless possibilities and the fact that you can do whatever you want If you give a man a fish you feed him for a day If you teach a man to fish you feed him for a lifetime Yes The Organic Body Ian Kelley, 2008-04-11 Lifetime Chef Natural Bodybuilding Champion Holistic pun intended Nutritionist Personal Trainer and Health Advocate from Vermont Reveals the Simple Proven Way to Easily Shed Body Fat and Grow Muscle Inside the pages of The Organic Body book you will discover The Organic Body Diet An all natural diet without calorie restriction that really works Eat as much as you want of the allowed foods Brand name Tested and Proven Natural Food and Supplement Recommendations Healthy Natural Delicious Recipes and eating and shopping strategies The websites and book recommendations that will change your life Not just another Fitness book you won t be disappointed www My Favorite Recipes Baked Patty Recipes and Books, 2020-05-14 This recipe journal is the best organicbodybuilding com way to collect and organize all your favorite recipes in one place You will love it It is beautifully designed simple clear and easy to use RECIPE BOOK FEATURES Table of contents to keep an overview of your recipes Main section with numbered pages to write your detailed recipes Extra space for even more notes at the end of the book Size 6 x 9 inches 15 24 x 22 86 cm 110 pages 100 numbered Soft cover glossy finish perfect binding high quality sheets of white paper Empty recipe book is the perfect gift for anyone that enjoys cooking or baking and for any gift giving occasion Get this blank cooking book now and start filling it whit your personal recipes Keywords blank cookbook to write in personal cookbook to write in blank cookbooks for family recipes empty cookbook for recipes binder recipe cards 4x6 recipe cards and box set recipe cards 3x5 recipe cards
