**Music, Encounter, Togetherness** Nicholas Cook, 2024-04-23 In today's technological and globalised world music remains a basic dimension of society *Music Encounter Togetherness* outlines a relational approach to music that creates space for both human agency and social relationship Throughout the book author Nicholas Cook puts Euro American musical traditions into dialogue with other world music cultures complementing theory driven approaches with comprehensive case studies ranging from late eighteenth century India to contemporary China and from Debussy's encounter with Javanese music and dance to cross cultural musicking in Australia and in cyberspace Through these examples Cook examines how music affords interpersonal

relationship and social togetherness and what happens when musicians from different cultures interact Central to the book is the idea of encounter which highlights the dynamic and processual nature of musicking as much in therapy or at home as in the jazz club or concert hall Western musicologists have traditionally thought of music as primarily a repertory of objects Cook illustrates how thinking of it in processual terms through an expanded idea of performance can make as much sense of Western art music as of other traditions In basing an understanding of music on acts rather than objects and focussing on people and their relationships rather than on the impersonal forces of evolutionary or stylistic histories the book opens up ways of thinking that counter some of the dehumanising aspects of musical thinking and practice in global modernity

**Roots & Culture** Eddie Chambers, 2016-12-18 How did a distinct and powerful Black British identity emerge In the 1950s when many Caribbean migrants came to Britain there was no such recognised entity as Black Britain Yet by the 1980s the cultural landscape had radically changed and a remarkable array of creative practices such as theatre poetry literature music and the visual arts gave voice to striking new articulations of Black British identity This new book chronicles the extraordinary blend of social political and cultural influences from the mid 1950s to late 1970s that gave rise to new heights of Black British artistic expression in the 1980s Eddie Chambers relates how and why during these decades West Indians became Afro Caribbeans and how in turn Afro Caribbeans became Black British and the centrality of the arts to this important narrative The British Empire migration Rastafari the Anti Apartheid struggle reggae music dub poetry the ascendance of the West Indies cricket team and the coming of Margaret Thatcher all of these factors and others have had a part to play in the compelling story of how the African Diaspora transformed itself to give rise to Black Britain **Archiving**

**Creole Voices** Marl'ene Edwin, 2024-12-10 Archiving Creole Voices Representations of Language and Culture begins with a re reading of selected texts by female Caribbean writers specifically Joan Anim Addo Olive Senior and Merle Collins and proclaims that literary fiction can and does function as a creolised archive Marl'ene Edwin argues that historic marginalisation which has barred Caribbean scholars from entering formal archival spaces has created an alternative discourse Consequently Caribbean writers have chosen the imagined landscapes of literature a new archival space for the Caribbean within which to document and preserve Caribbean cultural traditions Fiction allows for the safeguarding of traditions so how then should Caribbean literature be read The combination of a physical and a virtual archive questions the literary and linguistic interface that such a mingling entails in a preservation of Caribbean culture Edwin argues for an appreciation of orality as performance as well as the reading of texts as creolised archive *Frankie McIntosh and the Art of the Soca Arranger* Frankie McIntosh, Ray Allen, 2024-10-23 Soca music an offspring of older Trinidadian calypso emerged in the late 1970s and is now recognized as one of the English speaking Caribbean's most distinctive styles of popular vocal music Frankie McIntosh and the Art of the Soca Arranger tells a story of Caribbean music in the diaspora through the eyes and ears of a pioneering soca arranger A fascinating collaboration between Frankie McIntosh and music scholar Ray Allen

this cowritten memoir places the music arranger at the center of several overlapping narratives of immigration and musical diaspora The book begins with McIntosh s personal voyage from Saint Vincent to Brooklyn and his efforts to hammer out a career in music while raising a family in his newly adopted home His immigrant tale is intertwined with his musical journey from popular Caribbean dance bands through formal studies in Western classical music and jazz to his work as a gigging jazz pianist and calypso soca arranger Along the way he embraced the varied musics of New York s African American and West Indian communities working with such iconic calypsonians as the Mighty Sparrow Lord Kitchener Calypso Rose and Alston Becket Cyrus His story provides a unique lens for viewing Brooklyn Carnival music and brings into focus the borough s rise to prominence as the transnational hub of the soca music industry in the 1980s An alternative to traditional scholarship that tends to focus on calypso and soca singers this work explores the instrumental dimensions of the art form through the life and music of one of the most celebrated soca arrangers and keyboardists of all time American Book Publishing Record Cumulative 1998 R R Bowker Publishing,1999-03

**Black Writing, Culture, and the State in Latin America** Jerome C. Branche,2015-11-30 Imagine the tension that existed between the emerging nations and governments throughout the Latin American world and the cultural life of former enslaved Africans and their descendants A world of cultural production in the form of literature poetry art music and eventually film would often simultaneously contravene or cooperate with the newly established order of Latin American nations negotiating independence and a new political and cultural balance In *Black Writing Culture and the State in Latin America* Jerome Branche presents the reader with the complex landscape of art and literature among Afro Hispanic and Latin artists Branche and his contributors describe individuals such as Juan Francisco Manzano who wrote an autobiography on the slave experience in Cuba during the nineteenth century The reader finds a thriving Afro Hispanic theatrical presence throughout Latin America and even across the Atlantic The role of black women in poetry and literature comes to the forefront in the Caribbean presenting a powerful reminder of the diversity that defines the region All too often the disciplines of film studies literary criticism and art history ignore the opportunity to collaborate in a dialogue Branche and his contributors present a unified approach however suggesting that cultural production should not be viewed narrowly especially when studying the achievements of the Afro Latin world *Schwann Long Playing Record Catalog ,1965*
