A Short History of Spaghetti with Tomato Sauce Massimo Montanari,2021-11-16 A surprisingly wide ranging journey into the story of this beloved dish and an utterly fascinating discourse on food history The Daily Beast Intellectually engaging and deliciously readable this is a stereotype defying history of how one of the most recognizable symbols of Italian cuisine and national identity is the product of centuries of encounters dialogue and exchange Is it possible to identify a starting point in history from which everything else unfolds a single moment that can explain the present and reveal the essence of who we are According to Massimo Montanari this is just a myth Historical phenomena can only be understood dynamically by looking at how events and identities develop and change as a result of encounters and combinations that are often unexpected As he shows in this lively brilliant and surprising essay finding the origin of spaghetti or anything else is not as simple as it may

seem By tracing the history of the one of Italy s national dishes from Asia to America from Africa to Europe from the beginning of agriculture to the Middle Ages and up to the twentieth century he reveals that in order to understand our own identity we almost always need to look beyond ourselves to other cultures peoples and traditions Montanari s research will delight readers and provide plenty of fodder for dinner table discussion Booklist Full of delicious details Publishers Weekly

Double Truffle S. Kay Weber,2007-08 In The Rise and Fall of Dr Mom Angela Lowe Heider describes in raw detail her short career as an obstetrician and gynecologist She highlights the many challenges female physicians and their families face and draws attention to the delicate balance all working women must achieve to ensure peace on the home front while allowing for professional pursuits outside the home Through vivid personal accounts Dr Heider invites the reader into the mind and emotions of one physician struggling to maintain that balance The reasons for her decision to retire from the practice of medicine at the young age of thirty two are frankly defined with compelling honesty The Rise and Fall goes on to more briefly describe the lives and careers of six other female physicians all of whom have faced similar obstacles Some like Dr Heider have decided to retire from the practice of medicine Others have found

ways to make medical careers work for their families Each story provides further insight All women working or otherwise will identify with the emotionally charged decisions every woman must make about the type of mother she will be Dr Heider then delineates the many problems our American health care system currently faces Specifically she cites antiquated training programs unaffordable medical care a health care delivery system mired in bureaucracy and the ongoing medical malpractice crisis The Rise and Fall of Dr Mom offers thoughtful solutions professional insights and an optimistic plan for the future

Home Canning Meat, Poultry, Fish and Vegetables Stanley Marianski, Adam Marianski, 2013-06 What makes Home Canning Meat Poultry Fish and Vegetables unique is that it simplifies the procedures that are used by the canning industry to process low acid foods meat fish vegetables This knowledge enables readers to safely can their products at home There is a thorough discussion of metal cans can sealers and their operation double seam defects and more all supported with many images and diagrams Pressure canners and canning in glass jars is covered in detail In addition there is a large collection of recipes both for glass jars and metal cans This work is based on the U S government requirements as specified in the Code of Federal Regulations with all relevant links listed Home canned products do not fall under the jurisdiction of government agencies so the rules are not enforced Therefore home canned products account for the majority of food poisoning cases The commercial production of low acid foods meat fish vegetables is highly regulated by the Food and Drug Administration FDA and the United States Department of Agriculture USDA and rightly so since people get sick and die from eating tainted food After studying this book a newcomer to the art of canning will be able to safely process foods at home in both glass and metal containers
