[A Sourcebook of Nasca Ceramic Iconography](#) Donald A. Proulx,2009-08 For almost eight hundred years 100 BC AD 650 Nasca artists modeled and painted the plants animals birds and fish of their homeland on Peru s south coast as well as numerous abstract anthropomorphic creatures whose form and meaning are sometimes incomprehensible today In this first book length treatment of Nasca ceramic iconography to appear in English drawing upon an archive of more than eight thousand Nasca vessels from over 150 public and private collections Donald Proulx systematically describes the major artistic motifs of this stunning polychrome pottery interprets the major themes displayed on this pottery and then uses these descriptions and his stimulating interpretations to analyze Nasca society After beginning with an overview of Nasca culture and an explanation of the style and chronology of Nasca pottery Proulx moves to the heart of his book a detailed classification and description of the entire range of supernatural and secular themes in Nasca iconography along with a fresh and distinctive interpretation of these themes Linking the pots and their iconography to the archaeologically known Nasca society he ends with a thorough and accessible examination of this ancient culture viewed through the lens of ceramic iconography Although these static images can never

be fully understood by animating their themes and meanings Proulx reconstructs the lifeways of this complex society
