TV Guide, 1999 Television Westerns Episode Guide Harris M. Lentz, 1997 Since Hopalong Cassidy and the Lone Ranger blazed their first trails on television in 1949 Westerns have been the genre of choice for 180 series Some Gunsmoke Bonanza and Maverick for example were classics others such as 26 Men and Shotgun Slade were quickly forgotten From Adventures of Briscoe County through Zorro and Son this comprehensive reference work covers all 180 Western series Each entry opens with a listing of the broadcast history of the series including original network day and time This is followed by a listing of the regular cast members and a brief premise of the series The individual episodes are then covered with the title original air date leading guest stars and a brief synopsis given An exhaustive index completes the work *Spyscreen* Toby Miller, 2003 This is a genre study of English language spy fiction film and television between the 1930s and 1960s Taking as his focus many well known films and television series such as James Bond Gilda The Man From U N C L E and The Avengers Toby Miller uses a wide range of critical approaches including textual interpretation audience studies and cultural history to offer new insights into this popular genre **Internet Children's Television Series, 1997-2015** Vincent Terrace, 2016-08-22 Created around the world and available only on the web internet television series are independently produced mostly low budget shows that often feature talented but unknown performers Typically financed through crowd funding they are filmed with borrowed equipment and volunteer casts and crews and viewers find them through word of mouth or by chance The fifth in a series focusing on the largely undocumented world of internet TV this book covers 573 children s series created for viewers 3 to 14 The genre includes a broad range of cartoons CGI live action comedies and puppetry Alphabetical entries provide websites dates casts credits episode lists and storylines **Doctor Who-Guide 2/3** Compiled from Wikipedia pages and published by Dr Googelberg, 2012-08-07 Almost everything about the good doctor his companions and travels his enemies and friends Additionally the actors etc Part three contains all summaries of all TV episodes Compiled from Wikipedia pages and published by Dr Googelberg **Contemporary British Television Drama** James Chapman, 2020-05-28 The early twenty first century has seen the emergence of a new style of television drama in Britain that adopts the professional practices and production values of high end American television while remaining emphatically British in content and outlook This book analyses eight of these dramas Spooks Foyle s War Hustle Life on Mars Ashes to Ashes Downton Abbey Sherlock and Broadchurch which have all proved popular with audiences and in their different ways represent the thematic and formal paradigms of post millennial drama James Chapman locates new British drama in its institutional and economic contexts considers their critical and popular reception and analyses their social politics in relation to their representations of class gender and nationhood He demonstrates how contemporary drama has mobilised both new and residual elements in re configuring genres such as the spy series cop show and costume drama for the cultural tastes of modern audiences And it concludes that television drama has played an integral role in both the

economic and the cultural export of Britishness *The Ghosts of Blue Bell Hill & other Road Ghosts* Sean Tudor, 2017 A case centred study of Phantom Hitch Hikers Phantom Jaywalkers in Folklore and Fact Tales of Phantom Hitch Hikers are found the world over But is there anything more to them than the staple of contemporary folklore they appear to be Cases like Blue Bell Hill suggest there is Here and in numerous other modern cases witnesses report vivid and terrifying encounters with solid looking figures that step into the paths of their vehicles These events show an affinity with the legendary Phantom Hitch Hiker suggesting that far from being mere vestiges of a superstitious folk tradition they may reflect a genuine but complex phenomenon that continues to manifest in modern times and settings and challenges our very notions of reality This book traces Blue Bell Hill s ghost from its roots in folklore to compelling fact with nearly 50 witness accounts attesting to it as an important modern example of haunting on record and arguably the foremost case of its kind in the world today **Access**, 1989 **Uncovering Alias** Nikki Stafford, Robyn Burnett, 2004 TV Guide has called it one of TV s most enjoyable escapist hours ever But what is the show about Ask ten viewers of the show and you ll probably get ten different answers Uncovering Alias is here to help the solve the viewers questions Written as a companion to the show it features biographies of all recurring cast members a map of Rambaldi artefacts uncovered by the operatives a list of terms used by agents on the show an extensive episode guide to the first three series a list of the best websites and a trivia quiz **A Brief Guide to Ghost Hunting** Leo Ruickbie, 2013-08-15 There has been an upsurge in books television programmes films and websites exploring the reality or otherwise of the spirit world Not since the founding of The Ghost Club in 1862 and the Society for Psychical Research in 1882 has ghost hunting been so popular Television and the internet in particular have fueled this new level of interest creating a modern media phenomenon that spans the globe But while the demand for information is high good information remains scarce A Brief Guide to Ghost Hunting leads us through the process of ghost hunting from initially weighing the first report to choosing equipment and investigating and identifying the phenomena with an analysis of the best places to go looking methods of contacting the spirit world how to explain paranormal activity and crucially how to survive the encounter However it is also a book about ghost hunting itself drawing on 130 years of research in the cavernous archives of the Society for Psychical Research and even older history to find the earliest ghost stories A Ghost Hunting Survey makes use of interviews with those billing themselves as ghost hunters to find out their views motivations and experiences New and original research makes use of statistics to map the nebulous world of apparitions while a Preliminary Survey of Hauntings offers an analysis of 923 reported phenomena from 263 locations across the UK This is as far as possible an objective presentation of ghosts and ghost hunting It is no wonder that mainstream science largely refuses to deal with the subject it is too complicated Without trying to convince you of any viewpoint this book is intended to help you understand more The Video Tape/disc Guide, Movies and Entertainment , 1980 Power to Persuade Robert Cirino, 1974 Over 150 case studies of the media s decision making process at all levels provide insight into the quality and reliability of our sources
