Sri Lankan Teachers Guide:

Resources in Education ,1998 Elementary Teachers' Guide to Free Curriculum Materials John Guy Fowlkes,1994

The Lexis and Lexicogrammar of Sri Lankan English Tobias Bernaisch,2015-09-15 This book offers the first in depth corpus based description of written Sri Lankan English In comparison to British and Indian English lexical and lexicogrammatical features of Sri Lankan English are analysed in a complex corpus environment comprising data from the respective components of the International Corpus of English newspapers and online sources to explore the status of Sri Lankan English as a variety in its own right The evolution of Sri Lankan English is depicted against the background of historical as well as sociolinguistic considerations and allows deriving a fine grained model of the emergence of distinctive structural profiles of postcolonial Englishes developing in a multitude of norm orientations This book is highly relevant to readers interested in Sri Lankan English and South Asian Englishes It also offers more general sociolinguistic perspectives on the dynamics of postcolonial Englishes world wide and on the inextricable link between language and identity

Integrating Early Childhood Care and Education in Sri Lanka Renu Warnasuriya,Shobhana Sosale,Sangeeta

Dey,2020-11-13 Changes in social and family structures gender roles and working environments have led some countries to introduce integrated centers for early childhood care and education ECCE for children ages zero to five years combining the advantages of preschools and childcare centers ECCE services are becoming increasingly important for countries as a support system for working parents In countries such as Sri Lanka where female participation in the labor force is low in comparison with international standards providing affordable childcare services could also help more mothers to enter the labor market Responding to the needs of employees child development centers in the plantation areas in Sri Lanka are already providing integrated childcare services for children in this age group The increasing demand for affordable childcare services and the growing recognition of the benefits of holistic early childhood development have brought ECCE to the forefront of Sri Lanka s development agenda Well designed ECCE systems can improve the lives of children and families and provide significant advantages to national economies Access to effective ECCE can equalize learning opportunities by improving school readiness and by putting children on a more equal footing at the primary school level These early advantages have proved to have a lasting impact affecting both educational and earning potential in the adult years The significant income inequalities in countries such as Sri Lanka could be addressed through investment in effective ECCE programs and enhanced understanding of the benefits and potential long term impacts of ECCE could help governments tailor programs to ensure maximum return on investment This study seeks to answer the following questions Is it more effective to provide early childcare and education services separately or in an integrated manner Under what conditions would the provision of separate care and education services be more effective The study provides an analysis of the ECCE environment in Sri Lanka with recommendations for improvement within the current context The information presented in

the study is a starting point to foster the improved understanding of a complex subject area involving multiple stakeholders

School-based nutrition and physical activity interventions among children and adolescents Shooka Mohammadi ,Hui Chin Koo,Ai Kah Ng,2025-04-07 The increasing prevalence of obesity sedentary lifestyle and unhealthy eating habits among children and adolescents is very concerning The main risk factors that lead to childhood weight problems and obesity are an increase in meals eaten outside of the home a rise in access to high fat foods high consumption of energy packed foods a sedentary lifestyle or skipping breakfast This is concerning as obesity inadequate physical activity PA and unhealthy diets are associated with chronic diseases Therefore promoting healthy eating and sufficient PA among children and adolescents has become a research priority and an important public health concern The World Health Organization WHO considers schools a critical setting for improving public healthy eating and decreasing the risk of unhealthy weight gain in childhood In particular environmental interventions are recommended as they are more likely to lead to behavioural change Thus promoting adequate PA and a healthy diet among school aged children is essential
