fan who put up his own money got it self published and got himself heard Tom Hoffarth columnist for the Los Angeles Daily News His take on some of baseballs major events and personalities are refreshingly different from the conventional wisdom of baseball insiders Jeffrey Stuart author of Twilight Teams the purest fan memoir Ive yet read Lewers is everyfan USA Nicholas Croston Lit Bases website Lewers book reminds us why we love the game so much Matt ODonnell Fenway West website Every fan has his or her memories but not everyone can express them as well as Lewers has Ron Kaplan Ron Kaplans Baseball Bookshelf website Lewers is the pioneer for the personal baseball narrative Bill Jordan Baseballreflections com website Covering a broad sweep of personal and baseball history Lewers democratically recognizes many unsung heroes and ventures some refreshingly candid opinions Judy Johnson Watching the Game website There is no shortage of books written by baseball insiders players managers and writers What seems to be lacking are books by ordinary fans Six Decades of Baseball will not put you on the field or in the dugout Rather it will put you in the cheap seats of the upper deck where baseball can be viewed through lens of Bill Lewers This book is not just a recitation of baseball history although a lot of baseball history is included Rather it is a narrative of a relationship between a fan and a game a relationship that has evolved through the years Bill has been hooked on baseball ever since his first outing at the Polo Grounds in 1951 Not content with the three local choices offered by his native New York Bill decided at a very early age that he would root for the Boston Red Sox Much of what follows in this decade by decade narrative is a consequence of that monumental choice The book starts in the 1950s with Bills formative years as he grew up in the awesome shadow of the New York Yankees and experienced Five oclock Lightning first hand A healthy amount of Red Sox minutiae is presented not because these were things that Bill memorized but rather that they were the reality that he lived Greats like Ted Williams and Mickey Mantle are remembered but also recounted are tales of the more obscure including the Red Sox Youth Movement of the early 1950s the Never Never Boys and the Fastest Man in the Majors There is even an all too brief encounter with the Boys of Summer at Ebbets Field As the narrative moves to the 1960s the new team in town the New York Mets enters the picture and those special early days at the Polo Grounds are recalled So too are visits to Bostons Fenway Park at a time when tickets were 1 50 and attendance was frequently below 10 000 All this changed with the 1967 Impossible Dream which Bill recalls from the vantage point of a New Yorker The decade ends with a baseball adventure gone amuck and the tragic end of one of the mainstays of Bills Red Sox youth The 1970s sees changes as Bill moves to Maryland and encounters a new home team the highly successful Baltimore Orioles Both Boston and Baltimore heroes are recalled as well as both the Red Sox triumph of 1975 and collapse of 1978 Much of the 1980s revolve around the Red Sox almost World Championship of 1986 A young buck achieves dominance even as an aging superstar makes his last stand Bill also examines the managerial decision that may have cost the Red Sox the championship its not the one you think The 1990s sees the unveiling of an exciting new ballpark as **Reflection on America's Great Loop** George Hospodar,Patricia Hospodar,2012 Adventure is not just for the young Though I own a boat

was the opening phrase to their courtship and eventual married life little did Baby Boomer couple George and Pat Hospodar know then that those words would lead to their making a year long journey of a lifetime aboard their boat Reflection almost forty years later This book welcomes and encourages not only fellow boaters but also armchair adventurers and dreamers of all ages to join them aboard as they share a light hearted real life account of their travels on the circumnavigation of the waterways of the eastern United States and Canada In addition for those who may consider making this journey themselves the authors offer insights and tips on Routes Anchorages Navigation Locking Marinas Free dockage Low bridges Fuel stops Restaurants Shopping Points of interest and local history Border crossings in Canada and the United States Local marine weather websites and phone numbers

This book discusses how human lives are equated with the material and argues that pricing lives lies at the core of the political in fact as in Plato or Hobbes and in the Weberian ethics of responsibility measurement is considered to be one of its central features Ariel Colonomos argues that this measure relies primarily on human lives and interests and that the material equivalence to lives is twofold The equivalence is a double equation as we pay for lives and we pay with lives This double equation constitutes the measurement upon which the political equilibrium of a society depends and is thus a key constitutive part of the political The book adopts two approaches both with an interdisciplinary perspective one explanatory and the other normative First it explains the nexus between existential goods and material goods drawing on a detailed analysis of several case studies from contemporary politics both domestic and international Second it discusses normatively the material valuation of human lives and the human value of material goods Value attribution and the question of the material equivalent to lives are of relevance not only for political theory and philosophy but also for sociology history international relations and legal studies
