

A young person with dark, curly hair and glasses, wearing a white lab coat over a blue patterned shirt, is working in a chemistry laboratory. They are holding a green beaker in their right hand and pouring a yellowish liquid into a small glass flask held in their left hand. The flask already contains a blue liquid. In the background, there is a large piece of laboratory equipment with a circular glass component and various tubes and valves. A red digital display is visible on the equipment. The overall scene is a typical chemistry lab environment.
