Locating the English Diaspora, 1500-2010 Tanja Bueltmann, David T. Gleeson, Donald M. MacRaild, 2012-01-01 This collection of essays is the first serious attempt to conceptualise the transplantation of English migrants and culture in the New World as a diaspora **Getting to Know the Manager** Vladimir Radovic, 2014-08-22 Based on the author s Day Timer notebooks this collection of episodes records a process of getting acquainted with an influential manager in a multicultural environment Set in four countries of the Western hemisphere the chapters describe the human side of unusual events and relationships Within the context of international financial affairs the story gradually reveals a remarkable life story of migration from the old to the new continent The book is not only entertaining and easy to read but is highly instructive and relevant for the practice of management and teamwork in any multinational organization **International Dramaturgy** Maya E. Roth, Sara Freeman, 2008 This collection provides the first full length investigation of the oeuvre of one of Britain s leading dramatists Timberlake Wertenbaker By considering the polyglot playwright s theatre from translations and adaptations to new plays as a dynamic continuum of translations and transformations Maya Roth and Sara Freeman create an intriguing focused frame for understanding Wertenbaker s work as distinctly cross cultural theatrically rich and intertextual providing a prescient case study of the translational turn emerging in international theatre today The contributors investigate translation theory and practice through Wertenbaker s diverse linguistic and genre translations from French ancient Greek and Italian to English and from myth history classics fairytale and literature to the stage Interrelated chapters by scholars and artists from varied countries language traditions and disciplines use performance studies comparative literature feminist theory and cultural anthropology to position Wertenbaker s theatre as a critical nexus for

analyzing and imagining cross historical dialogues with contemporary audiences and our plural legacies Thanks to its substantive engagement with the ethics theories and collaborative practices of theatrical translation and adaptation more broadly and its equally rigorous examination of Wertenbaker's hybridic politics and poetics this collection can serve as a useful resource for scholars and artists both
