The Politically Incorrect Guide to **AMERICAN HISTORY**

You think you know American history. But did you know:

- ★ The American "revolutionaries" were actually conservatives
- ★ The Puritans didn't steal Indian lands
- ★ FDR agreed to send a million Russian POWs back to Stalin
- ★ "Landslide Lyndon" Johnson stole his first Senate race
- ★ The War on Poverty made poverty worse
- ★ Hundreds of American liberals had secret ties to the Soviets

Summary of Marc Morano's The Politically Incorrect Guide to Climate Change (The Politically Incorrect Guides) Everest Media,2022-05-02T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 I am not a scientist but I do regularly appear on television to expose the unscientific claims about catastrophic man made climate change I have spent the last twenty five years in a variety of disciplines including as a working journalist documentary maker radio talk show host and author 2 I am a climate skeptic a doubter and a dissenter I have been smeared as a denier But I am not alone in my skepticism I work regularly with a large network of internationally renowned scientists many of them formerly of the United Nations Intergovernmental Panel on Climate Change 3 I started out my political life as an eleven year old volunteer for Ronald Reagan s 1980 presidential campaign I was not a fan of James Watt Reagan s Interior secretary as I was upset by his land use policies and by what I perceived to be his anti environmental stances 4 My documentary refuted the myth that environmentalists and celebrities are the friends of indigenous people I spoke with the tribal leaders who have contempt for environmental activists and celebrities because they feel exploited by them *The Politically Incorrect Guide to the Supreme Court* John Yoo,Robert J. Delahunty,2023-06-27 Justice in the Balance Alexander Hamilton famously predicted that the judiciary would be the least dangerous branch of government How s that working out The Supreme Court stands as arbiter over a country increasingly unable to govern itself Americans can t agree on the meaning of the Constitution or even the rule of law Are the nine high priests enthroned in their marble temple the saviors of the Republic or the pallbearers of democracy Are they defenders of the Constitution as written or super legislators who make law from the bench What did the Founders envision when they vested the judicial Power in one supreme Court John Yoo a professor of law at UC Berkeley and Robert J Delahunty a fellow at the Claremont Institute Center for the American Way of Life provide the answers with an incisive reading of the law and constitutional history The Politically Incorrect Guide to the Supreme Court explains The turbulent history of the court s early years and the eventual triumph of judicial supremacy The Bill of Rights how the Court has defined free speech freedom of religion and the right to bear arms The Court s notorious rulings and how they were overturned from Dred Scottto Roe v Wade Why court packing is a constant temptation for Democratic presidents The Supreme Court s best and worst justices and what qualities distinguished them The future of the Supreme Court Will it be the rubber stamp of corrupt administrations or the ultimate watchdog protecting our nation s liberties The Politically Incorrect Guide to the Supreme Court offers a penetrating and irreverent account of the justices ideologues and cowards geniuses and mediocrities all of them thoroughly human and a fascinating analysis of a Court that has swung like a pendulum from preserving the Republic to undermining government by the people and back to defending the Constitution Sprightly informative and powerfully argued this book is guaranteed to give the reader a deeper understanding of America s most powerful judicial body **Politically Incorrect Guide to Islam (And the Crusades)** Robert Spencer,2005-08-01 The

courageous Robert Spencer busts myths and tells truths about jihadists that no one else will tell MICHELLE MALKIN While many choose to simply blame the West for provoking terrorists Robert Spencer's new book *The Politically Incorrect Guide to Islam and the Crusades* reveals why it is time to ignore political correctness and identify the enemy if we hope to ever defeat them In a fast paced politically incorrect tour of Islamic teachings and Crusades history Spencer reveals the roots of Islamic violence and hatred Spencer refutes the myths popularized by left wing academics and Islamic apologists who justify their political agendas with contrived historical facts Exposing myth after myth *The Politically Incorrect Guide to Islam and the Crusades* tackles Islam's institutionalized mistreatment of non Muslims the stifling effect Islam has on science and free inquiry the ghastly lure of Islam's X rated Paradise for suicide bombers and jihad terrorists the brutal Islamic conquests of the Christian lands of the Middle East and North Africa and more In *The Politically Incorrect Guide to Islam and the Crusades* you will learn How Muhammad did not teach peace and tolerance instead he led armies and ordered the assassination of his enemies Why American Muslim groups and left wing academics are engaged in a huge cover up of Islamic doctrine and history How today's jihad terrorists following the Qur'an's command to make war on Jews and Christians have the same motives and goals as the Muslims who fought the Crusaders Why the Crusades were not acts of unprovoked aggression by Europe against the Islamic world but a delayed response to centuries of Muslim aggression What must be done today from reading the Qur'an to reclassifying Muslim organizations in order to defeat jihad terrorists *Politically Incorrect Guide to Hunting* Frank Miniter, 2007-08-21 Why the Left's anti hunting propaganda is dead wrong Nothing is more hated and more misunderstood by the trendy Left than hunting But now intrepid hunter and pro hunting activist Frank Miniter sets the record straight In *The Politically Incorrect Guide to Hunting* he details the concrete benefits that hunting provides to all of us even how it helps the environment Speaking with wildlife biologists hunters farmers anti hunters and victims of animal attacks Miniter explains how banning hunting negatively affects wildlife populations and conservation Miniter's fearless politically incorrect take on hunting lays out the facts that liberal enviro nuts don't want you to know

The Politically Incorrect Guide to Socialism Kevin Williamson, 2011-01-10 Argues that the same impulse for control that governed the Soviet Union is present in the American health care and educational systems and that socialism can never work because of human nature *Politically Incorrect Guide to the Constitution* Kevin Gutzman, 2007-06-11 The Constitution of the United States created a representative republic marked by federalism and the separation of powers Yet numerous federal judges led by the Supreme Court have used the Constitution as a blank check to substitute their own views on hot button issues such as abortion capital punishment and same sex marriage for perfectly constitutional laws enacted by We the People through our elected representatives Now *The Politically Incorrect Guide to the Constitution* shows that there is very little relationship between the Constitution as ratified by the thirteen original states more than two centuries ago and the constitutional law imposed upon us since then Instead of the system of state level decision makers and elected officials the

Constitution was intended to create judges have given us a highly centralized system in which bureaucrats and appointed not elected officials make most of the important policies InThe Politically Incorrect Guide to the Constitution Professor Kevin Gutzman explains how the Constitution Was understood by the founders who wrote it and the people who ratified it Follows the Supreme Court as it uses the fig leaf of the Constitution to cover its naked usurpation of the rights and powers the Constitution explicitly reserves to the states and to the people Slid from the Constitution s republican federal government with its very limited powers to an unrepublican judgeocracy with limitless powers How the Fourteenth Amendment has been twisted to use the Bill of Rights as a check on state power instead of on federal power as originally intended The radical inconsistency between constitutional law and the rule of law Contends that the judges who receive the most attention in history books are celebrated for acting against the Constitution rather than for it As Professor Gutzman shows constitutional law is supposed to apply the Constitution s plain meaning to prevent judges presidents and congresses from overstepping their authority If we want to return to the founding fathers vision of the Republic if we want the Constitution enforced in the way it was explained to the people at the time of its ratification then we have to overcome the received wisdom about what constitutional law is The Politically Incorrect Guide to the Constitution is an important step in that direction **Politically Incorrect Guide to the British Empire** H. W. Crocker,2011-10-24 The British Empire the biggest empire in history once ruled a quarter of the globe It was built by an incredible array of swashbuckling soldiers and sailors pirates and adventurers who finally get their due in H W Crocker III s panoramic and provocative view of four hundred years of history that will delight and amuse educate and entertain Strap on your pith helmet for a rollicking ride through some of history s most colorful events Bet your teacher never told you The Founding Fathers didn t rebel against British imperialism they looked forward to the transfer of the great seat of Empire to America The original Norman English invasion of Ireland was approved by the pope Sir Charles Napier commander in chief of the British Army in India abolished the Hindu custom of widow burning Field Marshal Sir Gerald Templer s hearts and minds counter insurgency strategy was instrumental in defeating the Communists in Malaya The breakup of the British Empire led Winston Churchill to conclude that he had achieved nothing in his life **Politically Incorrect Guide to Real American Heroes** Brion McClanahan,2012-11-12 As presidential candidates sling dirt at each other America desperately needs a few real heroes Tragically liberal historians and educators have virtually erased traditional American heroes from history According to the Left the Founding Fathers were not noble architects of America but selfish demagogues And self made entrepreneurs like Rockefeller were robber barons and corporate polluters Instead of honoring great men from America s past kids today now idolize rock stars pro athletes and Hollywood celebrities In his new book The Politically Incorrect Guide to Real American Heroes author Brion McClanahan rescues the legendary deeds of the greatest Americans and shows why we ought to venerate heroes like Captain John Smith adventurer Daniel Boone General Robert E Lee and many more The Politically Incorrect Guide to Real American Heroes not

only resuscitates America's forgotten heroes but sheds light on the Left's most cherished figures including Franklin Delano Roosevelt and the Kennedys. With biting wit and devastating detail McClanahan strikes back against the multicultural narrative peddled by liberal historians who make heroes out of pop culture icons and corrupt politicians. In America's hour of peril McClanahan's book is a timely and entertaining call to remember the heritage of this great nation and the heroes who built it.

Politically Incorrect Guide to the Founding Fathers Brion McClanahan, 2009-06-30 The truth revealed and PC myths shattered about the Founding Fathers. Tom Brokaw labeled the World War II generation the Greatest Generation but he was wrong. That honor belongs to the Founders, the men who pledged their lives, fortunes, and sacred honor for the cause of liberty and independence and who established the United States. This was a generation without equal and it deserves to be rescued from the politically correct textbooks, teachers, and professors who want to dismiss the Founders as a cadre of dead white sexist slave holding males. Now a clear sighted conservative historian Dr. Brion McClanahan does just that. In *The Politically Incorrect Guide to the Founding Fathers* he profiles Washington, Adams, Jefferson, Madison, Franklin, and other important Founders, traces the key issues of the day, and shows how they dealt with them, and in the process details the Founders' deep faith, commitment to the cause of independence, impeccable character, and visionary political ideals. Even better, *The Politically Incorrect Guide to the Founding Fathers* proves that the Founders had a better understanding of the problems we face today than do our own members of Congress. McClanahan shows that if you want real and relevant insights into the issues of banking, war, powers, executive authority, freedom of the press, freedom of speech, freedom of religion, states rights, gun control, judicial activism, trade, and taxes, you'd be better served reading the Founders than you would be watching congressional debates on C-SPAN or reading the New York Times. *The Politically Incorrect Guide to the Founding Fathers* is a vital guide to restoring a sane, sober Constitutional sense of responsibility to today's public debates.

Politically Incorrect Guide to Women, Sex And Feminism Carrie L. Lukas, 2006-05-01 The latest in the New York Times bestselling series is the perfect antidote to the lies told in boardrooms, locker rooms, and universities that are brainwashing young women every day.

Politically Incorrect Guide to the Presidents Steven F. Hayward, 2012-02-13 Larry Schweikart, a retired history professor, is ready to set the record straight on the American presidents. He goes through each of the first 26 presidents from Washington to Taft and debunks myths, lies, and fake news made fact by the uninformed. Discover why George Washington favored American isolationism, James Madison supported states rights, what Lincoln promised to Southerners about fugitive slaves, and why nineteenth century presidents were the last to understand the true role of government. So what made these presidents so much better than the ones America has now? Schweikart argues that recent commanders in chief have welcomed crises to advance their own partisan agenda, defied the separation of powers the Founders carefully constructed to preserve the Republic, and given us every reason to doubt they take the country's interests to heart.
