people We could also discuss the genre snobbery in literary circles that puts crime young peoples literature romantic and fantasy fiction and perhaps historical based narratives in a lower category than the novel **Book Review Index**, 2004 Every 3rd issue is a quarterly cumulation *Originals* Clare West, 2010-03-04 *Originals* introduces intermediate level students to a wide range of authors and encourages them to develop their English by reading for pleasure The book contains extracts from classic and modern fiction and non fiction written in English by authors from many different countries There are extracts from classic novels and short stories spy and ghost stories thrillers war fantasy novels a biography and contemporary fiction The texts have been carefully selected for the level so that intermediate students and those preparing for the Cambridge Preliminary English Test PET will be able to understand them with the help of the notes and exercises
