*The Russian Bolshevik Revolution* Edward Alsworth Ross, 2015-06-02 Excerpt from *The Russian Bolshevik Revolution* This book is not written to make out a case but to set forth what appear to be the significant facts It is offered on the theory that intelligent people are tired of being victims of propaganda about Russia and will welcome a book that is not trying to give their minds a certain twist I can truthfully aver that when I set pen to paper I had no rigid mental attitudes toward the phases of the Russian revolution so that such interpretations as I venture on have come out of my study of the facts themselves The current notion of the second or Bolshevik revolution is that it was the work of a handful of extremists who captivated the Russian masses with their ideas Under the pitiless pelting of facts I have been driven to the conclusion that this is untrue As I now see it most of the developments of the eight months between the March Revolution and the November Revolution were not caused by leaders but were inevitable given the background of experience of the Russian common people If the train bearing Lenin and eighteen other Bolsheviks across Germany to Russia had fallen through a bridge on its way and all had perished events in Russia would have taken much the same course The peasants would have seized the estates and the soldiers would have quit fighting About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The Russian Revolution* Sheila Fitzpatrick, 2017-09-29 The Russian Revolution had a decisive impact on the history of the twentieth century In the years following the collapse of the Soviet regime and the opening of its archives it has become possible to step back and see the full picture Starting with an overview of the roots of the revolution Fitzpatrick takes the story from 1917 through Stalin's revolution from above to the great purges of the 1930s She tells a gripping story of a Marxist revolution that was intended to transform the world visited enormous suffering on the Russian people and like the French Revolution before it ended up by devouring its own children This updated edition contains a fully revised bibliography and updated introduction to address the centenary what does it all mean in retrospect *The Russian Bolshevik Revolution* Edward Alsworth Ross, 1921 *Events That Changed the Course of History* Jessica Piper, 2017-01-23 One hundred years ago on March 8 1917 Russia underwent its first of two revolutions the February Revolution and followed by the Bolshevik Revolution These revolutions would eventually set the stage for the formation of the Soviet Union Learn more about the story of the Russian Revolution and its long term effects on both the country itself and the world at large Follow the path of government corruption economic deflation and food shortages that led the Russian people to rise up in the February Revolution This uprising led to Czar Nicholas II

abdicated the throne and ending centuries of imperial rule A few months later Bolsheviks led by Vladimir Lenin took power from the provisional government that had been set up after the February Revolution in what is referred to as the Bolshevik Revolution These two revolutions are collectively known as the Russian Revolution Discover how after the Bolsheviks took power Russia broke out into civil war as the communist Bolsheviks and the anti Bolshevik White Russians began to clash This war led to the brutal murder of Czar Nicholas and his family as well as the popular rumor that one of Nicholas s daughters Anastasia had actually escaped execution Take a closer look at this turbulent time in Russian history and its impact on world history Our books include full color and black and white images index glossary CIP reading websites bibliography detailed table of contents sidebars historical timeline historical context overview Dewey number and reading levels by Lexile and F P Leveled reading
