**The purchased wife** Michelle Reid, 2005      *The Purchased Wife* Michelle Reid, Natsue Ogoshi, 2014-08-19 Mere days before the ceremony Nell finds out a cruel truth her marriage is based on a contract Her husband a Greek business tycoon ten years her senior purchased a virgin wife for fifty million dollars One year later Nell awakens in a hospital bed after a car crash only to find her husband Xander Pascalis there to greet her After rejecting her on their first night together the two have always lived apart However on this day Nell sees nothing but anger on his face So has your lover already tasted your forbidden fruit when I've yet so much as laid eyes on it      Sexual Hospitality in the Hebrew Bible Thalia

Gur-Klein, 2014-10-20 A woman's life in the ancient world was constrained by her social and economic status As a daughter she was firmly under the aegis of her father and brothers who would later allocate the woman to another man as his wife The power of fathers and husbands extended to using their wives and daughters as sexual gifts to gain favour Yet alongside this woman had certain socio economic rights notably concerning inheritance and property which they could use to protect themselves Sexual Hospitality in the Hebrew Bible examines sacred sexuality and ritual fecundity from patronymic marriage where the husband claims exclusive rights over his wife's sexuality and attributes her offspring to his line and kin to metronymic conjugal systems which allow a woman to remain in her home where the male consort joins her and her kin Ranging across abstention promiscuity and holy offering the sexual lives of women in biblical times reveal not only restriction but also female agency and resistance

**History of Matrimonial Institutions** George Elliott Howard, 2021-05-07 A History of Matrimonial Institutions is a book based on the author's belief that a thorough understanding of the social evolution of any people must rest upon the broader experience of mankind and that the human family in particular with all that the word connotes is commanding greater attention Accordingly in the first part the attempt is made to present a comprehensive and systematic analysis of the literature and the theories of primitive matrimonial institutions while the second and the third part feature the history of matrimonial institutions in England and in the United States Volume 1 Analysis of the Literature and the Theories of Primitive Matrimonial Institutions The Patriarchal Theory Theory of the Horde and Mother Right Theory of the Original Pairing or Monogamous Family Rise of the Marriage Contract Early History of Divorce Matrimonial Institutions in England Old English Wife Purchase Yields to Free Marriage Rise of Ecclesiastical Marriage The Church Accepts the Lay Contract and Ceremonial Rise of Ecclesiastical Marriage The Church Develops and Administers Matrimonial Law The Protestant Conception of Marriage Rise of Civil Marriage Volume 2 History of Separation and Divorce under English and Ecclesiastical Law The Early Christian Doctrine and the Theory of the Canon Law The Protestant Doctrine of Divorce Law and Theory during Three Centuries Matrimonial Institutions in the United States Obligatory Civil Marriage in the New England Colonies Ecclesiastical Rites and the Rise of Civil Marriage in the Southern Colonies Optional Civil or Ecclesiastical Marriage in the Middle Colonies Divorce in the American Colonies A Century and a

**Purchase Family in Britain and Southern Africa** Nancy R. Purchase, H. Graham Purchase, 2008 A fascinating book covering fourteen generations of the extended Purchase family The Purchase ancestors from England were related to Rev Charles Haddon Spurgeon from London and were missionaries to Southern Africa They settled in Northern Rhodesia and raised their families under very primitive conditions In addition to instilling Christian principles into local Africans they taught them common farming and building skills The descriptions of confrontations with wild animals and interactions with native Africans are at times riveting Successive generations of Purchases spread out all over the world The Sexes in Science and History Eliza Burt Gamble, 2023-06-20 Reproduction of the original **The Law Relating to Particulars and Conditions of Sale on a Sale of Land** William Frederick Webster, 1889 **Douglas Jerrold's Shilling Magazine** Douglas Jerrold, 1846 Contains Douglas Jerrold's novel St Giles and St James selected issues no 1 29 illustrated by Leech

The women's sensation novel of the 1860s and the New Woman fiction of the 1890s were two major examples of a perceived feminine invasion of fiction which caused a critical furore in their day Both genres with their shocking fast heroines fired the popular imagination by putting female sexuality on the literary agenda and undermining the proper feminine ideal to which nineteenth century women and fictional heroines were supposed to aspire By exploring in impressive depth and breadth the

material and discursive conditions in which these novels were produced The Improper Feminine draws attention to key gendered interrelationships within the literary and wider cultures of the mid Victorian and fin de siècle periods Douglas Jerrold's Shilling Magazine ,1846 *Soviet Law and Soviet Society* George C. Guins,2012-12-06 Soviet power rests on two main supports the complete economic dependence of the citizens upon the state and the unlimited political control of the government over the economic social and even cultural life History knows various kinds of despotisms dictatorships and regimentations of economic activity but the U S S R represents a unique kind of dictatorship based on the one party system and integral planning with the specific goal of realization of communism Mankind had never before known such a system Even the best of possible comparisons the analogy with the period of Ptolemies in Egypt is good only in so far as it concerns the regimentation of all kind of economic activity There was in the past no ideology pretending to be adjusted to the needs of the toiling masses no planning system on the same scale and no Communist party apparatus As concerns the modern world the comparative method is necessary for giving the most graphical characterization of the differences between the Western democracies with their ethical traditions rule of law and the principle of the inviolability of individual rights and on the other hand the Soviet monolithic state with its unscrupulous policy extremities of regimentations and drastic penalties

**Slave-Wives, Single Women and “Bastards” in the Ancient Greek World** Morris Silver,2018-01-31 Greek scholars have produced a vast body of evidence bearing on nuptial practices that has yet to be mined by a professional economist By standing on their shoulders the author proposes and tests radically new interpretations of three important status groups in Greek history the pallas the nothos and the hetaira It is argued that legitimate marriage marriage by loan of the bride to the groom was not the only form of legal marriage in classical Athens and the ancient Greek world generally Pallakia marriage by sale of the bride to the groom was also legally recognized The pallas wifeship transaction is a sale into slavery with a restrictive covenant mandating the employment of the sold woman as a wife In this highly original and challenging new book economist Morris Silver proposes and tests the hypothesis that the likelihood of bride sale rises with increases in the distance between the ancestral residence of the groom and the father's household Nothoi the bastard children of pallasai lacked the legal right to inherit from their fathers but were routinely eligible for Athenian citizenship It is argued that the basic social meaning of hetaira companion is not prostitute or courtesan but single woman a woman legally recognized as being under her own authority kuria The defensive adaptation of single women is reflected in Greek myth and social practice by their grouping into packs most famously the Danaids and Amazons Folkways William Graham Sumner,2007-09-01 William Graham Sumner was an influential professor of sociology and politics at Yale College and president of the American Sociological Association from 1908 to 1909 and it was in this early classic textbook of sociology first published in 1906 that he coined the term folkways to denote the habits and customs of a society He fully explores the concept here examining their influence on the struggle for existence labor and wealth slavery abortion infanticide and the killing of the elderly cannibalism

sex and marriage blood revenge and primitive justice sacril harlotry and child sacrifice popular sports and drama education and history and much more American academic and author WILLIAM GRAHAM SUMNER 1840 1910 wrote numerous and varied books including Andrew Jackson as a Public Man 1882 and What Social Classes Owe to Each Other 1883 *Moving for Marriage* Shruti Chaudhry,2021-10-01 Shortlisted for the 2023 BASAS Book Prize presented by British Association for South Asian Studies Based on ethnographic fieldwork in a village in the north Indian state of Uttar Pradesh *Moving for Marriage* compares the lived experiences of women in regional marriages that conform to caste and community norms within a relatively short distance with women in cross regional marriages that traverse caste linguistic and state boundaries and entail long distance migration within India By demonstrating how geographic distance and regional origins make a difference in these women s experiences Shruti Chaudhry challenges stereotypes and moral panics about cross regional brides who are brought from far away Indeed *Moving for Marriage* highlights the ways in which the post marital experiences of both categories of wives in this study their work and social relationships their sexual lives and childbearing decisions and their ability to access support in everyday contexts and in the event of marital distress are shaped by factors such as caste class poverty religion and stage in the life course In focusing on this Global South context Chaudhry makes novel arguments about the development of intimacy within marriages that are inherently unequal and even violent thereby offering an alternative to Euro American understandings of intimacy and women s agency *Russian Fairy and Folk-Tales: A Choice Collection of Muscovite Folk-Lore* Various Authors,2020-09-28 Russia is a country where artistic development began very late where popular lore was conserved with little alteration owing to the immensities of the country the primitiveness of the people and the punctiliousness of the compilers The principal source for Russian folk tales is the great collection of Afan \_ev a coeval of Rybnikov Kir \_yevski Sakharov Bezsonov and others who all from about 1850 to 1870 laboriously took down from the lips of the peasants of all parts of Russia what they could of the endless store of traditional song ballad and folk tale These great collectors were actuated only by the desire for accuracy they appended laboriously erudite notes but they were not literary men and did not sophisticate or improve on their material But before venturing on a brief account of the tales something must be premised as to the position occupied by folk tales in the cultural development of a people In Pagan times there always existed a double religion the ceremonial worship of the gods of nature and the tribal deities a realm of thought in which all current philosophy and idealism entered into a set form that symbolized the State and also local cults and superstitions the adoration of the spirits of streams wells hills etc To all Aryan peoples Nature has always been alive but never universalized or romanticized as in modern days wherever you were the brook the wind the knoll the stream were all inhabited by agencies which could be propitiated cajoled threatened but under all conditions were personal forces who could not be disregarded When Christianity transformed the face of the world it necessarily left much below the surface unaffected The great national divinities were proscribed and submerged some of their features reappearing in the legendary feats of the

saints The local cults continued with this difference that they were now condemned by the Church and became clandestine magic or else they were adopted by the Church and the rites and sanctuaries transferred The memory of them subsisted the fear of these local gods degenerated into superstition the magic of the folk tales becomes half fantastic half conventional belief in which is surreptitious usual and optional At this stage of disorganization of local custom folk tales arise and into them transmitted as they are orally and under the ban of the Church contaminations of all sorts creep such as mistaken etymologies faint memories of real history reminiscences of lost folk songs Christian legend and morals etc The Russian people have handed down three categories of records First of all the Chronicles which are very full very accurate and within the limits of the temporary concepts of possibility and science absolutely true Secondly the ballads or byl ny epic songs in an ancient metre narrating historical episodes as they occur and also comprising a cycle of heroic romance comparable with the chansons de geste of Charlemagne the cycles of Finn and Cuchlain of the Irish and possibly with the little minor epics out of which it is supposed that some supreme Greek genius built up the artistic epics of the Iliad and the Odyssey These byl ny may be ranked as fiction i e as facts of real life as then understood applied to non-existent unvouched or legendary individuals They are not bare records of fact like the Chronicles imagination enters into their scope non-human miraculous incidents are allowable their content is not a matter for faith or factual record they may be called historical fiction which broadly taken corresponded to actual events and typified the national strivings and ideals The traditional ceremonial songs magical incantations and popular melodies are of the same date and in the same style Thirdly the folk tales In their matter these differ little if at all from the common Aryan stock In their treatment there are well marked divergencies They are in the first place characterized by the so-called realism that tinges all Russian literature a better word would be factualism as realism is associated with the anti-romanticism that accentuates material facts and seeks to obliterate moral factors **Greatest**
