**Stephen M. Silverman**

## **The Riding Light Review Fall 2014 Vol 1 No 2:**

**Shooting The Wire** ROBERT D KIRVEL,2019-08-01 This is a significant novel featuring Ted a white privileged middle class man struggling to come to terms with his disintegrating extended family of eccentrics addicts and potential killers and how they should fit into the emerging new scheme or chaos of 21st century American life From racism to immigration religion to shooting sprees social media to dementia this is a funny smart and sometimes acerbically startling dissection of a society on the edge

**The Routledge Research Companion to Geographies of Sex and Sexualities** Gavin Brown,Kath Browne,2016-05-20 Comprehensive and authoritative this state of the art review both charts and develops the rich sub discipline geographies of sexualities exploring sex gender sexuality and sexual practices Emerging from the desire to examine differences and exclusions as a key aspect of human geographies these geographies have engaged with heterosexual and queer lesbian gay bi and trans lives Developing thinking in this area geographers and other social scientists have illustrated the centrality of place space and other spatial relationships in reconstituting sexual practices representations desires as well as sexed bodies and lives This book reviews the current state of the field and offers new insights from authors located on five continents In doing so the book seeks to draw on and influence core debates in this field as well as disrupt the Anglo American hegemony in studies of sexualities sexes and geographies This volume is the definitive collection in the area bringing together many international leaders in the field alongside scholars that are well established outside the Anglophone academy and many emerging talents who will lead the field in the decades to come

**Handbook of Public Transport Research** Graham Currie,2021-04-30 Providing a comprehensive overview and analysis of the latest research in the growing field of public transport studies this Handbook looks at the impact of urbanisation and the growth of mega cities on public transport Chapters examine the significant challenges facing the field that require new and original solutions including congestion and environmental relief and the social equity objectives that justify public transport in cities

**Modern Architecture and an International Sensibility** Naina Gupta,2025-05-30 Modern Architecture and an International Sensibility A Curious Cross Atlantic Constellation presents an alternative history of internationalism and modernism with a focus on the role of architecture and spatial practices Beginning at the tail end of the peace movements the turn of the twentieth century and ending with the Nuremberg trials the book highlights the part played by individual agency social reform and architecture in moulding a working everyday definition of what it meant to be international during this time By viewing internationalism through the lens of the individual and the body both as initiator and subject it is repositioned as an integral part of everyday life rather than simply understood to be concerned with geopolitical relations between nations and their institutions The book furthers a research methodology that is multidisciplinary and transnational It will therefore be of interest to researchers and students of architecture and international history

Global Status Report on Road Safety 2018 World Health Organization, 2019-01-10 The Global status report on road safety 2018 launched by WHO in December 2018 highlights that the number of annual road traffic deaths has reached 1.35 million Road traffic injuries are now the leading killer of people aged 5-29 years The burden is disproportionately borne by pedestrians cyclists and motorcyclists in particular those living in developing countries The report suggests that the price paid for mobility is too high especially because proven measures exist Drastic action is needed to put these measures in place to meet any future global target that might be set and save lives

From Hollywood to Disneyland Robert Neuman, 2022-10-31 From its beginnings Disneyland was destined to be something entirely different from the standard mid century amusement park To sell his dream park to investors and the public Walt Disney recruited Hollywood art directors and sketch artists to design the grounds around the mythic settings and high minded ideals commonly expressed on the silver screen This book focuses on the initial planning of Disneyland and its first year of operation a time when Walt personally oversaw every detail of the park's development Divided into chapters by park zone it reveals how the five sectors were constructed using illusionistic tricks of stage design Reaching beyond structure and design chapters also explore how the sectors Main Street U.S.A. Frontierland Tomorrowland Adventureland

and Fantasyland represented themes found in Disney stories familiar movie genres and American culture at large
