Heritage Davide Ponzini, 2023-03-21 This book analyses case studies of heritage rich cities that hosted mega events to discuss emerging challenges controversies and accomplishments The future of mega events has never been more uncertain The ongoing COVID 19 pandemic has introduced an unparalleled level of doubt regarding the kind of mega events that will take place in the coming years This book arrives at a quite unique moment of reflection Prior to 2020 cities were already questioning the traditional format of mega events e.g. Olympics and Expo while other cultural mega events have been spreading and gaining popularity thanks in part to typically lower costs of infrastructures and venues far more adaptable arrangements spatial distribution and time frame for hosting In these ways they have already been demonstrating higher flexibility in which to respond to future health and safety constraints When it comes to the relation to the existing city

cultural mega events have been planned implemented and studied far more than any other By leveraging the richness of cultural mega events this multidisciplinary collection deepens the intersection between events and cultural heritage The chapters in this book provide a new theoretical framework critical questions and relevant case studies to argue that the nexus between mega events and heritage is a key challenge for many cities in Europe and beyond The chapters in this book were originally published as a special issue of *European Planning Studies*

Events and Infrastructures Barbara Grabher, Ian R. Lamond, 2024-05-13 Innovative and the first of its kind this informative and multidisciplinary book explores the socio cultural significance inherent in event infrastructures While mainstream event management literature addresses event infrastructures mainly through its operational relevance this carefully compiled edited volume takes infrastructures as an analytical point in respect to its social political economic and cultural potential of the study of events Borrowing from the ongoing social scientific debates on the geography sociology and anthropology of infrastructures critical questions are posed in relation to the event contexts With references to events in Argentina Malawi Spain and the UK among others the volume combines an international perspective with a highly relevant subject for contemporary event management education By bringing together theoretical as well as empirical readings on the question of event infrastructures from a critical point of view the debates are relevant to practitioners and researchers as well as undergraduate and postgraduate students in the field of events leisure tourism anthropology sociology geography and urban planning among others

Mega-Events and Legacies in Post-Metropolitan Spaces Stefano Di Vita, Corinna Morandi, 2017-11-29 This book offers new perspectives through which to observe and interpret mega events Using the specific case studies of World s Fairs Di Vita and Morandi present a report of the Milan Expo 2015 and its trans scalar legacies While the event and post event have been affected by the world crisis the locations of exhibition areas have greatly expanded encompassing regional as well as post metropolitan spaces The two main aims of comparing Milan to previous expos such as Lisbon 1998 Zaragoza 2008 and Shanghai 2010 were to demonstrate the contribution of the 2015 World s Fair to the urban innovation process and to the debate surrounding a new urban agenda as well as to examine empirically and theoretically the international discussion regarding the growth of regional and macro regional scales of contemporary cities in order to offer suggestions for future urban agendas through mega events This book will be of great value to students researchers and policy makers in the area of urban planning and the urban studies more broadly geography and spatial politics

Mega Events, Urban Transformations and Social Citizenship Naomi C. Hanakata, Filippo Bignami, Niccolò Cuppini, 2022-07-26 This book provides theoretical and empirical perspectives on the urban impact of mega events globally It takes mega events as an instance to analyse urban transformations and their effects on citizenship With contributions from leading scholars in the field the book presents innovative and multidimensional analyses of mega events with an international selection of case studies The work provides a grounded theorisation of mega events in the first part and scrutinizes its practices and processes in the second Each chapter

explores mega events as crucial drivers and accelerators of urban and citizenship transformations Rather than just focusing on a staged momentum this book takes stock of the before and after that these events imply for the urban condition This book will be of interest to students and scholars in urban studies human geography economics architecture planning sociology political science It will also appeal to professionals and policy makers engaged in the planning hosting and management of mega events
