Theater of a City Jean E. Howard, 2011-06-03 Arguing that the commercial stage depended on the unprecedented demographic growth and commercial vibrancy of London to fuel its own development Jean E Howard posits a particular synergy between the early modern stage and the city in which it flourished In London comedy place functions as the material arena in which social relations are regulated urban problems negotiated and city space rendered socially intelligible Rather than simply describing London the stage participated in interpreting it and giving it social meaning Each chapter of this book focuses on a particular place within the city the Royal Exchange the Counters London's whorehouses and its academies of manners and examines the theater's role in creating distinctive narratives about each In these stories specific locations are transformed into venues defined by particular kinds of interactions whether between citizen and alien debtor and creditor prostitute and client or dancing master and country gentleman Collectively they suggest how city space could be used and by whom and they make place the arena for addressing pressing urban problems demographic change and the influx of foreigners and strangers into the city new ways of making money and losing it changing gender roles within the metropolis and the rise of a distinctive town culture in the West End Drawing on a wide range of familiar and little studied plays from four decades of a defining era of theater history Theater of a City shows how the stage imaginatively shaped and responded to the changing face of early modern London Translation as Transformation in Victorian Poetry Annmarie Drury, 2015-05-05 Explores how Victorian poetry and translation dynamically influenced one another in an age of empire

A Transforming Vision George Westhaver , 2018-01-31 The study of Christian theology in the last half century has seen a major renaissance in Trinitarian thought which has attempted to connect Trinitarian theology to all aspects of Christian faith and practice This revival has often addressed the unfortunate split which has haunted much modern theological endeavour between theology and both prayer and practice the disjunction between thought about God and the movement of the heart toward God in transformed lives Drawn from papers given at a Pusey House conference in 2015 the contributors to this collection explore what it means to know and love the Triune God and how the knowledge of God can be a transforming and saving knowledge Table of Contents Preface vii Acknowledgements xv John Webster A Tribute Andrew Moore xvii Part 1 Surveying the Mystery Sermon Trinitarian Communion Jonathan Goodall 1 Eucharistic Priority in Trinitarian Theology Retrieving a Patristic Idea Jarred Mercer 2 A Semblance more Lucid An Exploration of Trinitarian Space Jeremy Begbie Part 2 Foundations 3 Theophany as Divine Hospitality in Origen and Chrysostom Hans Boersma 4 The Gospels on Knowing God as Triune Markus Bockmuehl 5 Knowing and Loving the Triune God The Pauline Epistles Jennifer Strawbridge 6 The Trinity in the Mystical Theology of the Christian East Kallistos Ware 7 Wisdom as True Worship From Augustine s De Vera Religione to De Trinitate Paige E Hochschild Part 3 Explorations Sermon

Elenes, 2010-11-15 Transforming Borders Chicana o Popular Culture and Pedagogy contributes to transformative pedagogies scholarship by adding the voices of Chicana feminist pedagogies epistemologies and ontologies C Alejandra Elenes develops her conceptualizations of border transformative pedagogies by linking the relationship between cultural practices knowledge and teaching in everyday life She analyzes Chicana feminist cultural workers educational actors re imagining three Mexican figures La Llorona the weeping woman the Virgen of Guadalupe and Malintzin Malinche as epistemological and pedagogical meanings The three figures represent multiple meanings traditional views on femininity religion and nationalist views on women yet at the same time feminists have re imagined these three figures and developed counter narratives that can offer alternatives to the traditional meanings In developing border transformative pedagogies Elenes looks at the significance of historical events such as the creation of the Mexico U S border to understand the experiences of people of Mexican descent in the United States She also examines oral histories of the legend of La Llorona in the Southwest historical documents on the Spanish conquest of Mexico and Chicana artists such as Ester Hernandez Yolanda Lopez Consuelo Jimenez Underwood and Alma Lopez re imagining of the Virgen of Guadalupe The conflicts over the meanings of the three figures can help us understand how Chicanas have used their voices to counter economic and gender inequalities and how pedagogical practices show that cultural productions are sites where forms of domination can be contested and recreated in ways that allow for the creation of alternative identities Change and Transformation Thomas P. Power, 2013-08-21 The integrative theme of this collection of and subjectivities essays is change and transformation explored in the context of diverse expressions within the context of Anglican Church history It addresses some central themes notably the sacraments liturgy biblical interpretation theological education the relationship of church and state governance and authority and Christian education The volume traces Anglican Church history chronologically It includes a comparative study of penance in the thought of John Wyclif and Thomas Cranmer The book also treats the dispersal of authority evident in the development of the Book of Common Prayer and the King James Bible consensus in eucharistic theology in the seventeenth century and developments in biblical interpretation in the early eighteenth century This book also discusses a vision for the Christian education of children change in theological education

in the 1830s the metanarrative of continuity developed by High Church historians in the late nineteenth century increasing self government in the Church at the outset of the twentieth century and models of governance at the outset of the twenty first While this collection highlights aspects of change and transformation as an integrative theme it is not its premise that change was normative or pervasive perpetual or constant within Anglicanism Nevertheless these essays raise some new lines of inquiry make some suggestive interpretations or propose revision of accepted views Translation, Transformation and Transubstantiation in the Late Middle Ages Carol Poster, Richard J. Utz, 1998 This is the third volume in a series of studies on the late Middle Ages covering the period from around 1300 to 1550 Each volume aims to provide exhaustive and diverse treatments of one significant example of late medieval culture Volume three explores transformation and translation
