**Cultures of Travel** Raphaël Ingelbien,2016-05-13 This book analyses travel texts aimed at the emergent Irish middle classes in the long nineteenth century Unlike travel writing about Ireland Irish travel writing about foreign spaces has been under researched Drawing on a wide range of neglected material and focusing on selected European destinations this study draws out the distinctive features of an Irish corpus that often subverts dominant trends in Anglo Saxon travel writing As it charts Irish participation in a new mass tourism it shows how that participation led to heated ideological debates in Victorian and

Edwardian Irish print culture Those debates culminate in James Joyce's *The Dead* which is here re-read through new discursive contextualizations This book sheds new light on middle class culture in pre-independence Ireland and on Ireland's relation to Europe The methodology used to define its Irish corpus also makes innovative contributions to the study of travel writing *British Bee Journal*, 1874 **British Bee Journal & Bee-keepers Adviser**, 1873 **Chambers's Journal of Popular Literature, Science and Arts**, 1913 Journal of the Royal Society of Arts Royal Society of Arts (Great Britain), 1893 Omar Cabezas, Nicaragua, and the Narrative of Liberation José María Mantero, 2019-06-26 Throughout his political and military career Omar Cabezas fought to transform Nicaragua to implement the ethics that had led him to participate in the armed struggle against Anastasio Somoza's regime and to be active during the 1980s and 1990s as a member of the National Congress Omar Cabezas *Nicaragua and the Narrative of Liberation* To the Revolution and Beyond surveys the foundations of liberation discourse as it relates to the work of Omar Cabezas It examines themes associated with Nicaraguan and Latin American culture and literature considering key issues of national liberation and identity in the wake of the Sandinista revolution By contextualizing the research within a continental and national perspective and using concepts such as utopia orality and humor to frame the discussion on national liberation Mantero shows the symbiotic relationship between the work of Cabezas and the reformulation of Nicaraguan identity in the post-revolution
